Remarks:

- Welcome, to all of you.
- Both the President and I share concern about the affordability of medications, bringing drugs to market faster, and spurring innovation that will make lives better.
- As a physician I have first-hand experience with patients and the critical role pharmaceuticals play in recovery. (share your experiences)
- Our goal is to find ways to bring life-saving medicines to market faster and make them more accessible and affordable for those who struggle
- You all know better than anyone what miracles pharmaceutical breakthroughs can mean to longevity and quality of life because you and your loved ones are living with diseases and rely on innovation and being able to afford medication.
- Today I'd like to start a conversation that I hope will continue as this Administration looks for ways to improve every step of bringing drugs to market and making them accessible to everyone.

Let's start by introducing ourselves and your organization and why you are involved, then I understand each of you has prepared 3 minute presentations which I am eager to hear.

Topic: 1115 Waiver Targeted Population Waiver

Reason: Waiver is pending before HHS, nearing end of 30 day public comment period. Utah is engaged in a multi-pronged, multi-agency effort to address homelessness, addiction, and lawlessness among this vulnerable homeless population. Providing them with immediate treatment is an essential component to our success. Stakeholders desire an opportunity with Sec. Price to reiterate imperative need for waiver.

Event/Mtg POC: Name, Cell and email: Justin Harding, (b)(6) (onsite contact)

Attendees: Governor Gary Herbert, Chief of Staff Justin Harding, Deputy Chief of Staff Paul Edwards, Washington Director Gordon Larsen, Utah House Speaker Greg Hughes, Senate President Wayne Niederhauser, and Utah House Representative Jim Dunnigan

"I feel so Blessed to have experienced 38 years of federal service. Most of my years of service have been with the U.S. Department of Health and Human Services, as a Management Analyst. My roles within HHS have been with the (Family Support Administration, Office on Child Support, Foster Care Bureau, and the Administration on Developmental Disabilities with ACF, and now the Administration on Intellectual and Developmental Disabilities at ACL). I feel privileged to have taken the journey. I've experienced being homeless and lived in an orphanage and foster care home. Having experienced needing supports, equipped me to serve and have a heart for families in need. My task within HHS was meant to be. I have worked with a lot of dedicated individuals. Saying goodbye is not really goodbye. Our communities still need supports for families in need and I will continue to serve as an advocate."

Subject: TEP Speaking at July Meeting of the Advisory Council on Alzheimer's Research, Care, and Services
Location: Room 800; HHH
Start: Fri 7/28/2017 9:00 AM
End: Fri 7/28/2017 9:15 AM
Show Time As: Tentative
Recurrence: (none)
Meeting Status: Not yet responded

Event Name: July Meeting of the Advisory Council on Alzheimer's Research, Care, and Services

Date: Friday, July 28, 2017

Location: Room 800

Time: 9:00 a.m. (for approximately 15 minutes; timing is flexible; if Secretary Price is able to attend at any time between 9:00 a.m. and 3:30 p.m., ASPE will revise the agenda around his availability.)

Reason:

The members of the Advisory Council would welcome the Secretary's presence and recognition of their work. This will be the last meeting for six members of the Council who are completing their terms. A number of the retiring members have been members of the Council since its inception, and it would be very meaningful to them to have the Secretary's presence and acknowledgement of their time and efforts.

Secretary's Role:

The Advisory Council on Alzheimer's Research, Care, and Services was created to advise the Secretary of Health and Human Services on how to treat and cure Alzheimer's disease and related dementias, and annually provides the Secretary with recommendations and a National Plan on the status of the government's progress on finding a cure and treating the disease.

Participants:

Secretary Price, Non-federal (i.e., external) and federal members of the Advisory Council

Non-federal Members of the Advisory Council:

Ronald Petersen, Chair

Gary Epstein-Lubow

Laura Gitlin

Harry M. Johns

Myriam Marquez

Helen M. Matheny
Jennifer Mead

Ruth Katz, Assistant Secretary for Planning and Evaluation
Shari Ling, Centers for Medicare and Medicaid Services
Erin Long, Administration for Community Living
Lisa C. McGuire, Centers for Disease Control and Prevention
William Spector, Agency for Healthcare Research and Quality
Joan Weiss, Health Resources and Services Administration
Anthony Pacifico, Department of Defense
Deborah Olster, National Science Foundation
Richard M. Allman, Department of Veterans Affairs

Lead:

John R. Graham, Acting Assistant Secretary for Planning and Evaluation, Office of the Assistant Secretary for Planning and Evaluation

Event POC:

Rohini Khillan, Public Health Analyst, (b)(6) rohini.khillan@hhs.gov

Attendees:

Approximately 60 members of the public, including persons living with dementia, their caregivers, and representatives of a number of dementia advocacy organizations

HHS Attendees:

HHS staff from a number of HHS OPDivs and Staff Divs

Remarks:

- Importance to the Administration of finding a cure and successful treatment of dementia for those living with the disease and their caregivers
- Importance of the work the Advisory Council has done over the past 6 years
 - o Breadth of the work spanning everything from clinical research into a cure, to finding the best ways to serve and care for people living with dementia and their families
- Recognition of non-federal members completing their terms on the Council, including the Chair.

Briefing Materials:

Will be sent the business day ahead of the meeting.

Notes:

The National Alzheimer's Project Act, Public Law 111-375 (42 U.S.C. 11225), required the Secretary of Health and Human Services to establish an Advisory Council on Alzheimer's Research, Care, and Services. The Advisory Council was formally established in 2011 and advises the Secretary on how to prevent or reduce the burden of Alzheimer's disease and related dementias on people with these conditions and their caregivers. It meets quarterly to discuss programs that impact people with Alzheimer's disease and related dementias and their caregivers. The non-federal members of the Advisory Council make yearly recommendations about ways to reduce the financial impact of Alzheimer's disease and related dementias and to improve the health outcomes of people with these conditions. The Advisory Council provides feedback on a National Plan for Alzheimer's disease. The Advisory Council evaluates the implementation of the recommendations through an annually updated national plan, released in late summer.

#IAmHHS: Fighting Infectious Diseases Here and Abroad

[PLACEHOLDER: Embed Michelle's #IAmHHS video]
[PLACEHOLDER: Embed image of Michelle somewhere in the blog]

I grew up in small-town Pennsylvania, and I couldn't wait to spread my wings.

While getting my nursing and international health degrees at the University of Pennsylvania, I took opportunities to study and work abroad -- in Mexico, New Zealand, Botswana and India. I learned how precious good health is everywhere, and how diseases don't pay attention to borders. What happens on the other side of the world, like Ebola or Zika, can be at our doorstep in a moment. That's why I'm interested in fighting infectious disease.

Back here in the States, I worked as a home visit nurse in Philadelphia, but it was my longtime dream to work at the National Institutes of Health. I was thrilled when I was offered a position at an infectious disease clinic at the NIH Clinical Center in Bethesda, Maryland. In the same year, I also became an officer in the U.S. Public Health Service Commissioned Corps. Serving in uniform is a long family tradition, dating back to the American Revolutionary War, and I'm proud to continue it.

Several years ago, when Ebola broke out in West Africa, and Public Health Service teams were forming, I jumped at the chance to go to West Africa. I was chosen to be part of the first team to set up an Ebola Treatment Unit in Monrovia, Liberia. We took care of health care workers who were exposed while caring for Liberians who had contacted Ebola. I believe those health care workers were the true heroes of the Ebola epidemic. I still remember the Liberian obstetrician who helped a poor mother give birth. He became infected and he suffered terribly—just for helping a woman have a baby. Working in Liberia was an honor and an experience I will never forget.

At the NIH Clinical Center, we are working to find treatments and vaccines against Ebola, HIV, malaria and other diseases. There's so much meaningful work to do at NIH, it's always exciting. We never know what might be the next Ebola, the next HIV. With the right care, we can treat people and prevent diseases from spreading. We can help families, communities and whole societies.

I'm Michelle Holshue. I'm a nurse, an NIH researcher, and a global public health responder. And I am HHS.

Michelle is one of more than 79,000 people who make HHS run every day. You can share her story and see others on Twitter and Facebook using #IAmHHS.

Topic:
Healthcare Reform and Opportunities

Reason:

The purpose of this meeting is to:

- (1) introduce the current leadership of Grady. Frank Blake assumed the duties of Chairman from Pete Correll in late 2016 and would like to establish a relationship with the Secretary.
- (2) discuss potential ways to protect the nation's large, urban safety net hospitals like Grady in the repeal and replace process both within any legislation and actions by HHS
- (3) share work Grady has done on a potential Medicaid waiver and opportunities to transform how healthcare is delivered to the uninsured in Georgia

1. What is the location address?- **First Amendment Center, 1207 18th Ave South, Nashville TN 37212**
2. What time would you like him to start? **2:10pm CT**
3. How long would you like him to speak? **15-20mins**
4. Topics- **The Summit discussion will focus on our shared mission on community health. How do we work together as health care organizations and community leaders to streamline effective results for those in need. The idea is to have a new shared focus on prevention. So the Secretary's message should be related to this area.**
5. Q&A- **yes but Kris had us decline this.**
6. What is the approximate number of people you expect in attendance? **We can fit our comments to fit the audience that you expect. 125-130 top health care executives and organizations across Tennessee in attendance**
7. Where should he check-in when he arrives? **We will work with the advance team on the best entrance - not sure we go in the front door - we will have Dr Manny welcome him when he arrives at decided location**
8. Is the organization inviting the press? **Press will be invited unless otherwise notified by your office**
9. **no further advice**
10. Main point of contact - **Bob Davis - (b)(6) - press contact will be Chris Devaney - (b)(6) - Dr Manny - (b)(6)**
11. **Business attire**

Jessica and Cecilia,

Thank you so much for taking the time to speak with Bob and me. Per our conversation, I have attached the RSVP list and our program with the agenda. We would like Secretary Price to speak on Tuesday June 6th from 2:10-2:40pm comprised of 15-20 minutes of presentation followed by a short Q&A session. We would also be glad to arrange a lunch with some healthcare leaders if he has time, but understand he will likely have other plans

Bob Davis will assist with any Advance questions and meet your team at the First Amendment Center on Thursday June 1st. His phone number is (b)(6) and his email is bdavis@ridgroup.net.

Chris Devaney will handle all media and press related to the Secretary's attendance. His phone number (b)(6) and his email is (b)(6)@yahoo.com.

Our plan is to drop the media advisory Monday June 5th to announce Secretary Price's attendance if that meets your approval. We will send a draft of any media correspondence to you before release.

If there are any special requests from the Secretary's office, please let us know. My number is (b)(6) and I am available to help in any way. Thank you again for your time, and we look forward to having Secretary Price on June 6th.

My regards,

Manny

RSVP List
5.30.17.xlsx

Jessica and Cecilia,

Thank you so much for taking the time to speak with Bob and me. Per our conversation, I have attached the RSVP list and our program with the agenda. We would like Secretary Price to speak on Tuesday June 6th from 2:10-2:40pm comprised of 15-20 minutes of presentation followed by a short Q&A session. We would also be glad to arrange a lunch with some healthcare leaders if he has time, but understand he will likely have other plans

Bob Davis will assist with any Advance questions and meet your team at the First Amendment Center on Thursday June 1st. His phone number is (b)(6) and his email is bdavis@rjdgroup.net.

Chris Devaney will handle all media and press related to the Secretary's attendance. His phone number (b)(6) and his email is (b)(6)@yahoo.com.

Our plan is to drop the media advisory Monday June 5th to announce Secretary Price's attendance if that meets your approval. We will send a draft of any media correspondence to you before release.

If there are any special requests from the Secretary's office, please let us know. My number is (b)(6) and I am available to help in any way. Thank you again for your time, and we look forward to having Secretary Price on June 6th.

My regards,

Manny

Remarks:

The Doctor-Patient Relationship

The doctor-patient relationship is the most sacred part of our entire healthcare system.

Under the current healthcare law, that relationship is being undermined. The Affordable Care Act has given Washington more power and authority over healthcare, leaving patients and providers with less freedom over medical decisions.

Whenever the federal government thinks it knows better than a patient and their doctor about what they need, quality of care is compromised.

We must work to restore the doctor-patient relationship to put patients, families, and doctors back in charge of healthcare decisions.

Our healthcare reform efforts will restore, protect and preserve the doctor-patient relationship — the trusting partnership that is fundamental to quality healthcare.

Our reform effort will ensure patients and physicians are the ones making medical decisions, not Washington, and provide relief to those being harmed by the current healthcare system.

How the President's Plan Protects the Doctor-Patient Relationship

Patients with Access to Healthcare Dollars.

Health Savings Accounts (HSAs), will add flexibility and increase contribution limits so that Americans can build savings for when healthcare needs arise.

Expanding Patient Choice to See the Doctor of Their Choice.

Every American should be able to choose the plan that fits their needs and allows them to see the doctor that they want. We will end the 'Washington knows best' mentality of picking winners and losers among patients. Instead, patients will have the freedom to choose the coverage that is right for them. That could be a comprehensive plan with a broad network, an HMO plan, or a catastrophic plan that allows the patient to shop around to get the best deal on routine medical expenses — it's up to you, not Washington, DC.

Encouraging Innovation to Protect Patients.

States will have the flexibility to innovate to ensure meaningful access to care for patients through a variety of options to drive down costs, improve access to coverage options, and provide further financial assistance to lower premiums, deductibles, and out-of-pocket costs.

Providing Patients with Meaningful Access to Care.

When a doctor recommends a procedure, but a patient has a \$6,000 or \$10,000 deductible, they may have "coverage," but they don't have care. They cannot afford the procedure that their doctor is recommending they have. This is a classic example of Washington inserting itself into the hospital examination room. We're working to let market forces lower the cost of care and bring down premiums and deductibles, so that patients not only have coverage, but meaningful access to the procedures they need and that their doctor recommends.

It is with profound sadness that we announce the death of Patrick J. Flaherty, MBA, MPP, deputy director of NCHHSTP's Division of HIV/AIDS Prevention's (DHAP's) HIV/STD Research Program in Bangkok, Thailand.

Patrick was a beloved person at his post in Bangkok and within DHAP. He was highly regarded by his colleagues as a consummate professional and an outstanding public health advisor. Patrick served CDC in Beijing, China; in Atlanta at the Office of the Chief Operating Officer and the National Center for Injury Prevention and Control; and in Washington, DC with the Association of State and Territorial Health Officials. He joined the Epidemiology Branch in DHAP in September 2012 and was anticipating departure from his post in Bangkok later this year.

Patrick graduated *cum laude* from the College of William & Mary, received his master of business administration degree from Emory University's Goizueta Business School, and received his master's degree in public policy from the University of Michigan in Ann Arbor. He was [featured](#) by the College of William & Mary for his work related to Ebola.

Briefing Materials:

Notes: As background, the First Lady came in earlier this year and met with a group organized by IEA.

I attended on behalf of the Secretary at the time.

I will plan to attend this meeting as well just in case she remembers me.

Nina

A recent study concluded that Adverse Childhood Experience (ACEs) may lead to social and cognitive impairment, and subsequent adoption of potential high risk behaviors, disease, disability, social problems, and early death. Trauma-Informed Care is an approach to providing services that take in consideration the social history of patients. Proponents argue that raising awareness of the impact of ACEs and engaging communities in a trauma-informed response creates safe and empathetic environments for healing.

Event Name: TEP Mtg. w/ AdvaMed

Location: 610-F

Time: 11am on 5/31

Topic: • Repeal of the ACA's medical device tax

- Challenges for companies in navigating the CMS coverage process, with focus on: breakthrough pathway legislation, IDE clinical trial coverage, and legal reforms to facilitate device company involvement in value-based payment arrangements.
- Performance trends at the FDA's device center, and AdvaMed support for the pending MDUFA IV agreement.

Reason: All topics relate to creating a more receptive policy environment for medical technology companies in the U.S.

Optional Attendees: Grinney, Matthew (OS/ASPA); Brennan, Patrick (OS/ASPA)

Summary: The 2017 National Children's Mental Health Awareness Day is on May 7, 2017. SAMHSA will invite Secretary Price to present Special Recognition Awards to U.S. Olympic gold medalists Michael Phelps and Allison Schmitt, Awareness Day 2017 Honorary Co-Chairpersons. Mr. Phelps is being honored for speaking openly about his recovery from mental and substance use disorders and encouraging youth to lead healthy and active lives. Mr. Phelps' close friend and fellow Olympic gold medalist, Ms. Allison Schmitt, has publicly shared her experience with depression and how Mr. Phelps supported and mentored her. This year's event focuses on the importance of integrating behavioral health and primary care for children, youth, and young adults with mental and substance use disorders. More than 1,100 communities and at least 150 national organizations and federal programs participate annually in Awareness Day activities.

Justification: This activity supports the Secretary's priority area on Serious Mental Illness.

1) If the Secretary is available, we would like to invite him to come to the beginning of the event at 7:00 PM. If this is not convenient, please arrange for him to arrive at 8:00 PM. Please let me know which time he will come so that we can make sure to welcome him when he arrives. He will begin speaking at 8:30 PM. (Please note that two invited guests have not yet confirmed attendance. If they attend, the Secretary will begin at 8:40 PM. I will keep you informed of any scheduling changes.)

2) The National Children's Mental Health Awareness Day event is very unique. It is not like a traditional presentation with speeches and Q&A. The format is a talk show-style fast-paced event. It will consist of three brief panels of nationally known experts with an anchor from NBC-4 serving as moderator. We would like the Secretary to provide remarks and give Michael Phelps and Allison Schmidt recognition awards as part of the exciting conclusion of the evening. The Secretary is currently scheduled to speak for a total of 10 minutes. He will provide remarks for eight minutes and then introduce the recognition award winners for two minutes.

3) During his remarks, we would appreciate it if the Secretary could address his three priorities in the context of the importance of integration of behavioral health and physical health. The first topic is the importance of integrating mental health with primary care. The second topic will be childhood obesity and Secretary Price can announce the new SAMHSA data findings about depression and obesity among adolescent girls. Finally, the third topic will be the activities the Administration is undertaking to address the opioid epidemic. Prior to giving Mr. Phelps and Ms. Schmidt their

awards, the Secretary can explain the wonderful work they are doing and why they are being recognized. Draft talking points for Secretary Price are currently going through SAMHSA clearance.

4) Unfortunately, there will not be an opportunity for any Q&A from the audience.

5) There should be approximately 2800 people who view the national event. We expect 260 people in the auditorium and over 2500 people viewing either the live or on-demand versions of the webcast which will be live streamed by NBC-4 and 10 sister stations across the country. Attendees will include leaders of health and behavioral health organizations, child serving agencies and family and youth organizations as well as primary care clinicians and behavioral health practitioners.

6) Lisa Rubenstein and Dr. Gary Blau will meet Secretary Price at the door of the building which houses the auditorium. We will take him to his backstage "dressing room" and Paolo Delvecchio, Director, Center for Mental Health Services and Kana Enomoto, Acting Deputy Assistant Secretary for Mental Health and Substance Use, will greet him there.

7) National press will be invited. Extensive social and traditional media outreach will be conducted prior to the event.

8) We hope that the Secretary will be able to come at 7:00 PM and watch the entire event because there will be the opportunity to hear the voices of many different families, youth, behavioral health providers and primary care clinicians discussing how to better work as a team to serve children, youth and families.

9) Lisa Rubenstein is the main point of contact.

10) The suggested attire is business formal.

Start: Thu 5/4/2017 7:00 PM
End: Thu 5/4/2017 9:00 PM
Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Secretary Scheduler (OS/IOS)
Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Lloyd, Matt (OS/ASPA); Oakley, Caitlin B. (OS/ASPA); Ryan.Murphy1; Schaefer, Nina (HHS/IOS); Wright, Natasha (OS/IOS)
Optional Attendees: Grinney, Matthew (OS/ASPA); Brennan, Patrick (OS/ASPA)

Summary: The 2017 National Children's Mental Health Awareness Day is on May 7, 2017. SAMHSA will invite Secretary Price to present Special Recognition Awards to U.S. Olympic gold medalists Michael Phelps and Allison Schmitt, Awareness Day 2017 Honorary Co-Chairpersons. Mr. Phelps is being honored for speaking openly about his recovery from mental and substance use disorders and encouraging youth to lead healthy and active lives. Mr. Phelps' close friend and fellow Olympic gold medalist, Ms. Allison Schmitt, has publicly shared her experience with depression and how Mr. Phelps supported and mentored her. This year's event focuses on the importance of integrating behavioral health and primary care for children, youth, and young adults with mental and substance use disorders. More than 1,100 communities and at least 150 national organizations and federal programs participate annually in Awareness Day activities.

Justification: This activity supports the Secretary's priority area on Serious Mental Illness.

1) If the Secretary is available, we would like to invite him to come to the beginning of the event at 7:00 PM. If this is not convenient, please arrange for him to arrive at 8:00 PM. Please let me know which time he will come so that we can make sure to welcome him when he arrives. He will begin speaking at 8:30 PM. (Please note that two invited guests have not yet confirmed attendance. If they attend, the Secretary will begin at 8:40 PM. I will keep you informed of any scheduling changes.)

2) The National Children's Mental Health Awareness Day event is very unique. It is not like a traditional presentation with speeches and Q&A. The format is a talk show-style fast-paced event. It will consist of three brief panels of nationally known experts with an anchor from NBC-4 serving as moderator. We would like the Secretary to provide remarks and give Michael Phelps and Allison Schmidt recognition awards as part of the exciting conclusion of the evening. The Secretary is currently scheduled to speak for a total of 10 minutes. He will provide remarks for eight minutes and then introduce the recognition award winners for two minutes.

3) During his remarks, we would appreciate it if the Secretary could address his three priorities in the context of the importance of integration of behavioral health and physical health. The first topic is the importance of integrating mental health with primary care. The second topic will be childhood obesity and Secretary Price can announce the new SAMHSA data findings about depression and obesity among adolescent girls. Finally, the third topic will be the activities the Administration is undertaking to address the opioid epidemic. Prior to giving Mr. Phelps and Ms. Schmidt their

Subject: TEP Speaking at OGC Honor Awards

Start: Thu 4/27/2017 3:05 PM
End: Thu 4/27/2017 3:20 PM
Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Secretary Scheduler (OS/IOS)

Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Davis, Jeffrey (HHS/OGC); Flick, Heather (OS/OGC); Lloyd, Matt (OS/ASPA); Oakley, Caitlin B. (OS/ASPA); Ryan.Murphy1; Martinez, Cecilia (OS/IOS)

1. What time would you like him to start? It depends on whether he wants to be there at the beginning (3 pm) for the presentation of colors and singing of the National Anthem. All that should take about 10 minutes, after which I'd introduce Dr. Price and he'd start speaking around 3:15.
2. How long would you like him to speak? I envision some brief remarks (perhaps 5 to 10 minutes, could be shorter or longer) to indicate he's glad he has OGC to assist with the Department's work, and to congratulate the awardees. If he wants to say anything at all about his priorities, or the work of the agency, that would be great. We're involved with everything.
3. What is the main topic you would like for the Secretary to address? OGC is an essential partner. He's already seen that, and he's glad to have our assistance to advance the work of HHS. Are there specifics item you would like for him to talk about? Perhaps a word or two about the importance of dedicated staff such as we are honoring today.
4. Would you like him to save time for Q&A with the audience? No unless he wants to. I envision his remarks at the beginning of the ceremony, after which he'd likely depart due to time constraints, but would certainly be welcome to stay. The award presentations will likely take about 30 minutes, after which we'll have a reception to honor the awardees.
5. What is the approximate number of people you expect in attendance? We expect to have about 150 in the Great Hall, and we stream it live to all of the OGC regional offices for those out of town to watch their colleagues get the awards. We can fit our comments to fit the audience that you expect. Can we have a list of attendees? We will have all the OGC supervisors and managers in town for our annual conference (should be about 70 of them), plus the awardees (25, plus 1 posthumous), plus supporting colleagues from local OGC offices and some family members and guests. I have attached a list of the awardees.
6. Where should he check-in when he arrives? We will have a seat for him on the stage that will be set up in the Great Hall.
7. Is the organization inviting the press? No.
8. Are there any other details and/or advice that you can offer? We have this internal OGC awards presentation annually to boost morale of our staff. We have the ceremony on the last day of our managers conference. I think it will really boost the morale of the staff is the Secretary can just spend a few minutes with us to show his appreciation for the work that OGC does. I also note that it isn't just the attorneys; we have attorneys, paralegals, and other legal support staff all working together as a team across our Immediate Office, 8 Divisions, and 10 Regions to support the Secretary and the work of HHS.
9. Who is the main point on contact? Samantha Austin in our OGC Immediate Office, or me. Jeffrey.Davis@hhs.gov
10. What is the suggested attire? Business (coat and tie).

Dr. John Link, Director of Medical Oncology, Breastlink California
Dr. Janet Storella, Medical Director – Breastlink Maryland
Dr. Howard Berger, Chairman & CEO - RadNet, Inc.
Stephen Forthuber, President & COO – RadNet, Inc.; Chairman – Association for Quality Imaging (AQI)

Meeting Topics:

CMS is considering drastic reimbursement reductions for mammography procedures starting in 2018. Additionally, the PALS Act, which went into effect January 1, 2016, is set to expire on December 31, 2017. The PALS Act allowed screening mammograms to begin at age 40 and continue on an annual basis. The United States Preventative Services Task Force (USPSTF) recommendations only allow for screening mammograms to begin at age 50 and to continue bi-annually.

Meeting Reason:

We believe that the potential reimbursement changes will quickly lead to reduced access and disruption to the necessary investments into state of the art 3D breast tomosynthesis technology, which will in turn lead to the delayed diagnosis of breast disease, and ultimately, to an increase in the overall cost to diagnose and treat breast disease. The use of new, 3D breast tomosynthesis technology helps to reduce the need for additional follow on procedures, a savings to Medicare, and leads to a faster positive identification and treatment of breast disease. Finding and treating breast disease early reduces the overall cost to the Medicare program. Adding additional imaging for women with dense breasts, including 3D breast tomosynthesis, screening ultrasound and MRI's for high risk women has the potential to reduce breast cancer mortality by 75%. Yearly screening starting at age 40 reduces breast cancer mortality by 40%. We intend to provide additional data to support our positions. We will send our additional information in advance of our meeting with Secretary Price. We hope to give Secretary Price input on these important topics from industry experts. Our overall desire is to provide all women access to high quality mammography services. We believe in patient-centric care, patient choice and affordable care.

Attached is my initial letter to First Lady Melania Trump.

Meeting Topics:

CMS is considering drastic reimbursement reductions for mammography procedures starting in 2018. Additionally, the PALS Act, which went into effect January 1, 2016, is set to expire on December 31, 2017. The PALS Act allowed screening mammograms to begin at age 40 and continue on an annual basis. The United States Preventative Services Task Force (USPSTF) recommendations only allow for screening mammograms to begin at age 50 and to continue bi-annually.

Meeting Reason:

We believe that the potential reimbursement changes will quickly lead to reduced access and disruption to the necessary investments into state of the art 3D breast tomosynthesis technology, which will in turn lead to the delayed diagnosis of breast disease, and ultimately, to an increase in the overall cost to diagnose and treat breast disease. The use of new, 3D breast tomosynthesis technology helps to reduce the need for additional follow on procedures, a savings to Medicare, and leads to a faster positive identification and treatment of breast disease. Finding and treating breast disease early reduces the overall cost to the Medicare program. Adding additional imaging for women with dense breasts, including 3D breast tomosynthesis, screening ultrasound and MRI's for high risk women has the potential to reduce breast cancer mortality by 75%. Yearly screening starting at age 40 reduces breast cancer mortality by 40%. We intend to provide additional data to support our positions. We will send our additional information in advance of our meeting with Secretary Price. We hope to give Secretary Price input on these important topics from industry experts. Our overall desire is to provide all women access to high quality mammography services. We believe in patient-centric care, patient choice and affordable care.

Topic: The Physician-Focused Payment Model Technical Advisory Committee (PTAC)

Reason: On April 10 and 11, 2017, PTAC will hold a public meeting in the Great Hall of the Humphrey Building to review and deliberate on the first four Physician-Focused Payment Models (PFPs) submitted to PTAC by stakeholders. As directed by the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), the PTAC will make recommendations and comments on these proposals and determine whether these models meet criteria established in regulation by the Secretary.

Participants: Ann Agnew (IOS), Paula Stannard (IOS), Nina Schaefer (IOS), Demetrios Kouzoukas (CMS), John Brooks (IOS), Carla DiBlasio (CMS), Wilma Robinson (IOS), Sam Shipley (IOS), Laina Bush (ASPE), Nancy DeLew (ASPE), Christie Peters (ASPE), Mary-Ellen Stahlman (ASPE), Jessica White (ASPE), Patrick Conway (CMS), Amy Bassano (CMS), and Elizabeth Richter (CMS)

Who is leading the meeting: ASPE (Laina Bush, Acting ASPE)

Secretary's Participation/ Role: MACRA requires the Secretary to review PTAC recommendations and comments on each submitted proposal and then post a detailed response on CMS' website. ASPE is working closely with CMS and other Office of the Secretary divisions to develop a process for supporting the Secretary in crafting these responses. There is no specified timetable for the responses.

Recurrence: (none)

Meeting Status: Meeting organizer

Organizer: (b)(6) (OS/IOS)

Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); Twomey, John K.; Leggitt, Lance (HHS/IOS); Brooks, John (HHS/IOS); Stannard, Paula (HHS/IOS); Schaefer, Nina (HHS/IOS); Kouzoukas, Demetrios (CMS/CM); DiBlasio, Carla (CMS/CTR)

Staff: Lance/Kris

Policy Team: Paula, Nina, Demetrious, John Brooks, Carla

ASPE: Laina Bush, Nancy DeLew, Christie Peters, Mary-Ellen Stahlman, Jessica White (O'Hara)

CMS: Patrick Conway, Amy Bassano, Elizabeth Richter

Contact: Samuel Shipley

Topic: The Physician-Focused Payment Model Technical Advisory Committee (PTAC)

Reason: On April 10 and 11, 2017, PTAC will hold a public meeting in the Great Hall of the Humphrey Building to review and deliberate on the first four Physician-Focused Payment Models (PFPs) submitted to PTAC by stakeholders. As directed by the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), the PTAC will make recommendations and comments on these proposals and determine whether these models meet criteria established in regulation by the Secretary.

Participants: Ann Agnew (IOS), Paula Stannard (IOS), Nina Schaefer (IOS), Demetrios Kouzoukas (CMS), John Brooks (IOS), Carla DiBlasio (CMS), Wilma Robinson (IOS), Sam Shipley (IOS), Laina Bush (ASPE), Nancy DeLew (ASPE), Christie Peters (ASPE), Mary-Ellen Stahlman (ASPE), Jessica White (ASPE), Patrick Conway (CMS), Amy Bassano (CMS), and Elizabeth Richter (CMS)

Who is leading the meeting: ASPE (Laina Bush, Acting ASPE)

Secretary's Participation/ Role: MACRA requires the Secretary to review PTAC recommendations and comments on each submitted proposal and then post a detailed response on CMS' website. ASPE is working closely with CMS and other Office of the Secretary divisions to develop a process for supporting the Secretary in crafting these responses. There is no specified timetable for the responses.

03 14 2017 TEP
Memo Briefing ~...

Dear Jessica,

Thank you for your help in arranging my meeting next Tuesday with Secretary Price. I am grateful to you. I will be attending alone.

I'm eager to discuss how a sufficiently robust high risk pool or reinsurance mechanism (similar to sec. 2202 of the American Health Care Act) could reduce premiums substantially, obviating the need for subsidies. That could help resolve the major logjam in the Republican caucus.

Polls show that for most Americans, the highest priority is lowering premiums. Taking the costs of the sickest people out of the individual market will dramatically lower premiums for healthy buyers – a huge win for Republicans and President Trump. Their success in repealing and replacing Obamacare will be judged primarily on whether premiums rise or fall. Here is my recent piece in the Wall Street Journal, which fleshes this out: <https://www.wsj.com/articles/how-many-obamacare-patients-have-pre-existing-conditions-1484784577>

Again, thank you.

Betsy McCaughey, Ph.D.

Dear Secretary Price,

Our mutual friend Larry Kudlow just called me to suggest that I write to you.

Congratulations on your appointment as Secretary. The nation is lucky to get you.

I would welcome an opportunity to stop in and visit you for a chat. Several weeks ago, the transition team interviewed me to be your Deputy Secretary. Things may have happened in the meantime, but I do want you to know how much I admire your leadership and how much I'd like to work for you.

We seem to share a common vision for repealing and replacing Obamacare and liberating physicians to make the best decisions for their patients. And, of course, we are both big Donald Trump fans.

Please let me know what would be convenient for you.

Sincerely,

Betsy McCaughey, Ph.D.
former Lt. Governor of New York State
author of the New York Times bestseller, Beating Obamacare
Senior Fellow, London Center for Policy Research
Columnist, New York Post.

Jessica and Cecilia,

Thank you so much for taking the time to speak with Bob and me. Per our conversation, I have attached the RSVP list and our program with the agenda. We would like Secretary Price to speak on Tuesday June 6th from 2:10-2:40pm comprised of 15-20 minutes of presentation followed by a short Q&A session. We would also be glad to arrange a lunch with some healthcare leaders if he has time, but understand he will likely have other plans

Bob Davis will assist with any Advance questions and meet your team at the First Amendment Center on Thursday June 1st. His phone number is (615) 202-1616 and his email is bdavis@rjdgroup.net.

Chris Devaney will handle all media and press related to the Secretary's attendance. His phone number (b)(6) and his email is (b)(6)@yahoo.com.

Our plan is to drop the media advisory Monday June 5th to announce Secretary Price's attendance if that meets your approval. We will send a draft of any media correspondence to you before release.

If there are any special requests from the Secretary's office, please let us know. My number is (b)(6) and I am available to help in any way. Thank you again for your time, and we look forward to having Secretary Price on June 6th.

My regards,

Manny

3. How long would you like him to speak? **15-20mins**
4. Topics- **The Summit discussion will focus on our shared mission on community health. How do we work together as health care organizations and community leaders to streamline effective results for those in need. The idea is to have a new shared focus on prevention. So the Secretary's message should be related to this area.**
5. Q&A- **yes but Kris had us decline this.**
6. What is the approximate number of people you expect in attendance? We can fit our comments to fit the audience that you expect. **125-130 top health care executives and organizations across Tennessee in attendance**
7. Where should he check-in when he arrives? **We will work with the advance team on the best entrance - not sure we go in the front door - we will have Dr Manny welcome him when he arrives at decided location**
8. Is the organization inviting the press? **Press will be invited unless otherwise notified by your office**
9. **no further advice**
10. Main point of contact - **Bob Davis - (b)(6) - press contact will be Chris Devaney - (b)(6) - Dr Manny - (b)(6)**
11. **Business attire**

Jessica and Cecilia,

Thank you so much for taking the time to speak with Bob and me. Per our conversation, I have attached the RSVP list and our program with the agenda. We would like Secretary Price to speak on Tuesday June 6th from 2:10-2:40pm comprised of 15-20 minutes of presentation followed by a short Q&A session. We would also be glad to arrange a lunch with some healthcare leaders if he has time, but understand he will likely have other plans

Bob Davis will assist with any Advance questions and meet your team at the First Amendment Center on Thursday June 1st. His phone number is (b)(6) and his email is bdavis@rjdgroup.net.

Chris Devaney will handle all media and press related to the Secretary's attendance. His phone number (b)(6) and his email is (b)(6)@yahoo.com.

Our plan is to drop the media advisory Monday June 5th to announce Secretary Price's attendance if that meets your approval. We will send a draft of any media correspondence to you before release.

If there are any special requests from the Secretary's office, please let us know. My number is (b)(6) and I am available to help in any way. Thank you again for your time, and we look forward to having Secretary Price on June 6th.

My regards,

Manny

DRAFT Spotlight
Health Agenda ...

Sunday morning session (June 25) runs from 10:15 AM until 11:45 AM. We generally have three one-on-one interviews during that time, each lasting about 30 minutes. No questions from the audience; just the interview. So the Secretary would have the stage to himself with his interviewer; he would not be on a panel with anyone else. If the Secretary would like to go first (at 10:15) so he can leave immediately, we can certainly do that.

Thanks --

Ruth

Remarks:

- Welcome, to all of you.
- Both the President and I share concern about the affordability of medications, bringing drugs to market faster, and spurring innovation that will make lives better.
- As a physician I have first-hand experience with patients and the critical role pharmaceuticals play in recovery. (share your experiences)
- Our goal is to find ways to bring life-saving medicines to market faster and make them more accessible and affordable for those who struggle
- Senior citizens rely on medications more than any other demographic for longevity and quality of life. They also rely on federal programs to afford them.
- That's why we felt it was important that early on in this process we hear from AARP, AAMAC, and 60+ to learn more on what you think would make medications more available and affordable.
- Today is the start of a conversation.
- I'd like it to continue as this Administration looks for ways to improve every step of bringing drugs to market and making them accessible to everyone.

I understand each of you has prepared some thoughts and policy recommendations. Let's start by introducing ourselves, your organization and what your ideas are, then we can discuss further.

Optional Attendees: Grinney, Matthew (OS/ASPA); Brennan, Patrick (OS/ASPA)

Summary: The 2017 National Children's Mental Health Awareness Day is on May 7, 2017. SAMHSA will invite Secretary Price to present Special Recognition Awards to U.S. Olympic gold medalists Michael Phelps and Allison Schmitt, Awareness Day 2017 Honorary Co-Chairpersons. Mr. Phelps is being honored for speaking openly about his recovery from mental and substance use disorders and encouraging youth to lead healthy and active lives. Mr. Phelps' close friend and fellow Olympic gold medalist, Ms. Allison Schmitt, has publicly shared her experience with depression and how Mr. Phelps supported and mentored her. This year's event focuses on the importance of integrating behavioral health and primary care for children, youth, and young adults with mental and substance use disorders. More than 1,100 communities and at least 150 national organizations and federal programs participate annually in Awareness Day activities.

Justification: This activity supports the Secretary's priority area on Serious Mental Illness.

1) If the Secretary is available, we would like to invite him to come to the beginning of the event at 7:00 PM. If this is not convenient, please arrange for him to arrive at 8:00 PM. Please let me know which time he will come so that we can make sure to welcome him when he arrives. He will begin speaking at 8:30 PM. (Please note that two invited guests have not yet confirmed attendance. If they attend, the Secretary will begin at 8:40 PM. I will keep you informed of any scheduling changes.)

2) The National Children's Mental Health Awareness Day event is very unique. It is not like a traditional presentation with speeches and Q&A. The format is a talk show-style fast-paced event. It will consist of three brief panels of nationally known experts with an anchor from NBC-4 serving as moderator. We would like the Secretary to provide remarks and give Michael Phelps and Allison Schmidt recognition awards as part of the exciting conclusion of the evening. The Secretary is currently scheduled to speak for a total of 10 minutes. He will provide remarks for eight minutes and then introduce the recognition award winners for two minutes.

3) During his remarks, we would appreciate it if the Secretary could address his three priorities in the context of the importance of integration of behavioral health and physical health. The first topic is the importance of integrating mental health with primary care. The second topic will be childhood obesity and Secretary Price can announce the new SAMHSA data findings about depression and obesity among adolescent girls. Finally, the third topic will be the activities the Administration is undertaking to address the opioid epidemic. Prior to giving Mr. Phelps and Ms. Schmidt their awards, the Secretary can explain the wonderful work they are doing and why they are being recognized. Draft talking points for Secretary Price are currently going through SAMHSA clearance.

- 4) Unfortunately, there will not be an opportunity for any Q&A from the audience.
- 5) There should be approximately 2800 people who view the national event. We expect 260 people in the auditorium and over 2500 people viewing either the live or on-demand versions of the webcast which will be live streamed by NBC-4 and 10 sister stations across the country. Attendees will include leaders of health and behavioral health organizations, child serving agencies and family and youth organizations as well as primary care clinicians and behavioral health practitioners.
- 6) Lisa Rubenstein and Dr. Gary Blau will meet Secretary Price at the door of the building which houses the auditorium. We will take him to his backstage "dressing room" and Paolo Delvecchio, Director, Center for Mental Health Services and Kana Enomoto, Acting Deputy Assistant Secretary for Mental Health and Substance Use, will greet him there.
- 7) National press will be invited. Extensive social and traditional media outreach will be conducted prior to the event.
- 8) We hope that the Secretary will be able to come at 7:00 PM and watch the entire event because there will be the opportunity to hear the voices of many different families, youth, behavioral health providers and primary care clinicians discussing how to better work as a team to serve children, youth and families.
- 9) Lisa Rubenstein is the main point of contact.
- 10) The suggested attire is business formal.

Justification: This activity supports the Secretary's priority area on Serious Mental Illness.

1) If the Secretary is available, we would like to invite him to come to the beginning of the event at 7:00 PM. If this is not convenient, please arrange for him to arrive at 8:00 PM. Please let me know which time he will come so that we can make sure to welcome him when he arrives. He will begin speaking at 8:30 PM. (Please note that two invited guests have not yet confirmed attendance. If they attend, the Secretary will begin at 8:40 PM. I will keep you informed of any scheduling changes.)

2) The National Children's Mental Health Awareness Day event is very unique. It is not like a traditional presentation with speeches and Q&A. The format is a talk show-style fast-paced event. It will consist of three brief panels of nationally known experts with an anchor from NBC-4 serving as moderator. We would like the Secretary to provide remarks and give Michael Phelps and Allison Schmidt recognition awards as part of the exciting conclusion of the evening. The Secretary is currently scheduled to speak for a total of 10 minutes. He will provide remarks for eight minutes and then introduce the recognition award winners for two minutes.

3) During his remarks, we would appreciate it if the Secretary could address his three priorities in the context of the importance of integration of behavioral health and physical health. The first topic is the importance of integrating mental health with primary care. The second topic will be childhood obesity and Secretary Price can announce the new SAMHSA data findings about depression and obesity among adolescent girls. Finally, the third topic will be the activities the Administration is undertaking to address the opioid epidemic. Prior to giving Mr. Phelps and Ms. Schmidt their awards, the Secretary can explain the wonderful work they are doing and why they are being recognized. Draft talking points for Secretary Price are currently going through SAMHSA clearance.

- 4) Unfortunately, there will not be an opportunity for any Q&A from the audience.
- 5) There should be approximately 2800 people who view the national event. We expect 260 people in the auditorium and over 2500 people viewing either the live or on-demand versions of the webcast which will be live streamed by NBC-4 and 10 sister stations across the country. Attendees will include leaders of health and behavioral health organizations, child serving agencies and family and youth organizations as well as primary care clinicians and behavioral health practitioners.
- 6) Lisa Rubenstein and Dr. Gary Blau will meet Secretary Price at the door of the building which houses the auditorium. We will take him to his backstage "dressing room" and Paolo Delvecchio, Director, Center for Mental Health Services and Kana Enomoto, Acting Deputy Assistant Secretary for Mental Health and Substance Use, will greet him there.
- 7) National press will be invited. Extensive social and traditional media outreach will be conducted prior to the event.
- 8) We hope that the Secretary will be able to come at 7:00 PM and watch the entire event because there will be the opportunity to hear the voices of many different families, youth, behavioral health providers and primary care clinicians discussing how to better work as a team to serve children, youth and families.
- 9) Lisa Rubenstein is the main point of contact.
- 10) The suggested attire is business formal.

Summary: The 2017 National Children's Mental Health Awareness Day is on May 7, 2017. SAMHSA will invite Secretary Price to present Special Recognition Awards to U.S. Olympic gold medalists Michael Phelps and Allison Schmitt, Awareness Day 2017 Honorary Co-Chairpersons. Mr. Phelps is being honored for speaking openly about his recovery from mental and substance use disorders and encouraging youth to lead healthy and active lives. Mr. Phelps' close friend and fellow Olympic gold medalist, Ms. Allison Schmitt, has publicly shared her experience with depression and how Mr. Phelps supported and mentored her. This year's event focuses on the importance of integrating behavioral health and primary care for children, youth, and young adults with mental and substance use disorders. More than 1,100 communities and at least 150 national organizations and federal programs participate annually in Awareness Day activities.

Justification: This activity supports the Secretary's priority area on Serious Mental Illness.

Subject: HOLD: TEP Speaking at OGC Honor Awards
Location: Great Hall; HHH Bldg

Start: Thu 4/27/2017 3:00 PM
End: Thu 4/27/2017 4:00 PM

Recurrence: (none)

Meeting Status: Accepted

Organizer: Secretary Scheduler (OS/IOS)
Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Davis, Jeffrey (HHS/OGC); Flick, Heather (OS/OGC); Lloyd, Matt (OS/ASPA); Oakley, Caitlin B. (OS/ASPA); Ryan.Murphy1; Martinez, Cecilia (OS/IOS)

1. What time would you like him to start? It depends on whether he wants to be there at the beginning (3 pm) for the presentation of colors and singing of the National Anthem. All that should take about 10 minutes, after which I'd introduce Dr. Price and he'd start speaking around 3:15.
2. How long would you like him to speak? I envision some brief remarks (perhaps 5 to 10 minutes, could be shorter or longer) to indicate he's glad he has OGC to assist with the Department's work, and to congratulate the awardees. If he wants to say anything at all about his priorities, or the work of the agency, that would be great. We're involved with everything.
3. What is the main topic you would like for the Secretary to address? OGC is an essential partner. He's already seen that, and he's glad to have our assistance to advance the work of HHS. Are there specifics item you would like for him to talk about? Perhaps a word or two about the importance of dedicated staff such as we are honoring today.
4. Would you like him to save time for Q&A with the audience? No unless he wants to. I envision his remarks at the beginning of the ceremony, after which he'd likely depart due to time constraints, but would certainly be welcome to stay. The award presentations will likely take about 30 minutes, after which we'll have a reception to honor the awardees.
5. What is the approximate number of people you expect in attendance? We expect to have about 150 in the Great Hall, and we stream it live to all of the OGC regional offices for those out of town to watch their colleagues get the awards. We can fit our comments to fit the audience that you expect. Can we have a list of attendees? We will have all the OGC supervisors and managers in town for our annual conference (should be about 70 of them), plus the awardees (25, plus 1 posthumous), plus supporting colleagues from local OGC offices and some family members and guests. I have attached a list of the awardees.
6. Where should he check-in when he arrives? We will have a seat for him on the stage that will be set up in the Great Hall.
7. Is the organization inviting the press? No.
8. Are there any other details and/or advice that you can offer? We have this internal OGC awards presentation annually to boost morale of our staff. We have the ceremony on the last day of our managers conference. I think it will really boost the morale of the staff is the Secretary can just spend a few minutes with us to show his appreciation for the work that OGC does. I also note that it isn't just the attorneys; we have attorneys, paralegals, and other legal support staff all working together as a team across our Immediate Office, 8 Divisions, and 10 Regions to support the Secretary and the work of HHS.
9. Who is the main point on contact? Samantha Austin in our OGC Immediate Office, or me. Jeffrey.Davis@hhs.gov
10. What is the suggested attire? Business (coat and tie).

Topic: Concerned w/ pancreatic cancer and the high mortality rate. Disturbed by no new research plans or medical advances for this type of cancer. Says there is a need for innovative pancreatic leadership, prioritization and urgency. Wants to see a bold new approach – and says one approach could be for the HHS Sec. to create a pilot program just for pancreatic cancer research.

Notes: In advance of Bob Wright's call with Secretary Price next Monday, I wanted to pass along this clip from Friday's White House press briefing. Sean Spicer announced the President's support for World Autism Awareness Day, in honor of Bob & Suzanne Wright, who founded Autism Speaks. It's a wonderful tribute and I thought the Secretary may want to see it.

Topic: 1115 Waiver Targeted Population Waiver

Reason: Waiver is pending before HHS, nearing end of 30 day public comment period. Utah is engaged in a multi-pronged, multi-agency effort to address homelessness, addiction, and lawlessness among this vulnerable homeless population. Providing them with immediate treatment is an essential component to our success. Stakeholders desire an opportunity with Sec. Price to reiterate imperative need for waiver.

Event/Mtg POC: Name, Cell and email: Justin Harding (b)(6) (onsite contact)

Attendees: Governor Gary Herbert, Chief of Staff Justin Harding, Deputy Chief of Staff Paul Edwards, Washington Director Gordon Larsen, Utah House Speaker Greg Hughes, Senate President Wayne Niederhauser, and Utah House Representative Jim Dunnigan

"I feel so Blessed to have experienced 38 years of federal service. Most of my years of service have been with the U.S. Department of Health and Human Services, as a Management Analyst. My roles within HHS have been with the (Family Support Administration, Office on Child Support, Foster Care Bureau, and the Administration on Developmental Disabilities with ACF, and now the Administration on Intellectual and Developmental Disabilities at ACL). I feel privileged to have taken the journey. I've experienced being homeless and lived in an orphanage and foster care home. Having experienced needing supports, equipped me to serve and have a heart for families in need. My task within HHS was meant to be. I have worked with a lot of dedicated individuals. Saying goodbye is not really goodbye. Our communities still need supports for families in need and I will continue to serve as an advocate."

Subject: TEP Speaking at July Meeting of the Advisory Council on Alzheimer's Research, Care, and Services
Location: Room 800; HHH
Start: Fri 7/28/2017 9:00 AM
End: Fri 7/28/2017 9:15 AM
Recurrence: (none)
Meeting Status: Accepted
Organizer: Secretary Scheduler (OS/IOS)
Required Attendees: Harrison, Jessica (OS/IOS); Lagomarsino, Katie (OS/IOS); Skrzycki, Kristin (HHS/IOS); Tignor, Beth (HHS/IOS); [b76](#) (OS/IOS); Twomey, John K. (OS/IOS); Brennan, Patrick (OS/ASPA); Grinney, Matthew (OS/ASPA)

Event Name: July Meeting of the Advisory Council on Alzheimer's Research, Care, and Services

Date: Friday, July 28, 2017

Location: Room 800

Time: 9:00 a.m. (for approximately 15 minutes; timing is flexible; if Secretary Price is able to attend at any time between 9:00 a.m. and 3:30 p.m., ASPE will revise the agenda around his availability.)

Reason:

The members of the Advisory Council would welcome the Secretary's presence and recognition of their work. This will be the last meeting for six members of the Council who are completing their terms. A number of the retiring members have been members of the Council since its inception, and it would be very meaningful to them to have the Secretary's presence and acknowledgement of their time and efforts.

Secretary's Role:

The Advisory Council on Alzheimer's Research, Care, and Services was created to advise the Secretary of Health and Human Services on how to treat and cure Alzheimer's disease and related dementias, and annually provides the Secretary with recommendations and a National Plan on the status of the government's progress on finding a cure and treating the disease.

Participants:

Secretary Price, Non-federal (i.e., external) and federal members of the Advisory Council

Non-federal Members of the Advisory Council:

Ronald Petersen, Chair

Gary Epstein-Lubow

Laura Gitlin

Harry M. Johns

Myriam Marquez

Helen M. Matheny

Jennifer Mead
Angela Taylor
Sowande Tichawonna
Donna Walberg
Geraldine Woolfolk

Federal Members of the Advisory Council:

Bruce Finke, Indian Health Service
Richard Hodes, National Institutes of Health
Ruth Katz, Assistant Secretary for Planning and Evaluation
Shari Ling, Centers for Medicare and Medicaid Services
Erin Long, Administration for Community Living
Lisa C. McGuire, Centers for Disease Control and Prevention
William Spector, Agency for Healthcare Research and Quality
Joan Weiss, Health Resources and Services Administration
Anthony Pacifico, Department of Defense
Deborah Olster, National Science Foundation
Richard M. Allman, Department of Veterans Affairs

Lead:

John R. Graham, Acting Assistant Secretary for Planning and Evaluation, Office of the Assistant Secretary for Planning and Evaluation

Event POC:

Rohini Khillan, Public Health Analyst, (b)(6) rohini.khillan@hhs.gov

Attendees:

Approximately 60 members of the public, including persons living with dementia, their caregivers, and representatives of a number of dementia advocacy organizations

HHS Attendees:

HHS staff from a number of HHS OPDivs and Staff Divs

Remarks:

- Importance to the Administration of finding a cure and successful treatment of dementia for those living with the disease and their caregivers
- Importance of the work the Advisory Council has done over the past 6 years
 - o Breadth of the work spanning everything from clinical research into a cure, to finding the best ways to serve and care for people living with dementia and their families
- Recognition of non-federal members completing their terms on the Council, including the Chair.

Briefing Materials:

Will be sent the business day ahead of the meeting.

Notes:

The National Alzheimer's Project Act, Public Law 111-375 (42 U.S.C. 11225), required the Secretary of Health and Human Services to establish an Advisory Council on Alzheimer's Research, Care, and Services. The Advisory Council was formally established in 2011 and advises the Secretary on how to prevent or reduce the burden of Alzheimer's disease and related dementias on people with these conditions and their caregivers. It meets quarterly to discuss programs that impact people with Alzheimer's disease and related dementias and their caregivers. The non-federal members of the Advisory Council make yearly recommendations about ways to reduce the financial impact of Alzheimer's disease and related dementias and to improve the health outcomes of people with these conditions. The Advisory Council provides feedback on a National Plan for Alzheimer's disease. The Advisory Council evaluates the implementation of the recommendations through an annually updated national plan, released in late summer.

Actually, we are not looking for a speech and you needn't prepare one. With 14 state human services secretaries in the meeting who represent the HHS delivery system, it is an opportunity for a two way conversation about what SIG members are doing in their states about his three highest priorities -- serious mental illness, childhood obesity and opioid addiction. We will also describe our SIG priorities for TANF and child welfare.

Subject: TEP Speaking at OGC Honor Awards
Location: Great Hall; HHH Bldg

Start: Thu 4/27/2017 3:05 PM
End: Thu 4/27/2017 3:20 PM
Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Secretary Scheduler (OS/IOS)

Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Davis, Jeffrey (HHS/OGC); Flick, Heather (OS/OGC); Lloyd, Matt (OS/ASPA); Oakley, Caitlin B. (OS/ASPA); Ryan.Murphy1; Martinez, Cecilia (OS/IOS)

1. What time would you like him to start? It depends on whether he wants to be there at the beginning (3 pm) for the presentation of colors and singing of the National Anthem. All that should take about 10 minutes, after which I'd introduce Dr. Price and he'd start speaking around 3:15.
2. How long would you like him to speak? I envision some brief remarks (perhaps 5 to 10 minutes, could be shorter or longer) to indicate he's glad he has OGC to assist with the Department's work, and to congratulate the awardees. If he wants to say anything at all about his priorities, or the work of the agency, that would be great. We're involved with everything.
3. What is the main topic you would like for the Secretary to address? OGC is an essential partner. He's already seen that, and he's glad to have our assistance to advance the work of HHS. Are there specifics item you would like for him to talk about? Perhaps a word or two about the importance of dedicated staff such as we are honoring today.
4. Would you like him to save time for Q&A with the audience? No unless he wants to. I envision his remarks at the beginning of the ceremony, after which he'd likely depart due to time constraints, but would certainly be welcome to stay. The award presentations will likely take about 30 minutes, after which we'll have a reception to honor the awardees.
5. What is the approximate number of people you expect in attendance? We expect to have about 150 in the Great Hall, and we stream it live to all of the OGC regional offices for those out of town to watch their colleagues get the awards. We can fit our comments to fit the audience that you expect. Can we have a list of attendees? We will have all the OGC supervisors and managers in town for our annual conference (should be about 70 of them), plus the awardees (25, plus 1 posthumous), plus supporting colleagues from local OGC offices and some family members and guests. I have attached a list of the awardees.
6. Where should he check-in when he arrives? We will have a seat for him on the stage that will be set up in the Great Hall.
7. Is the organization inviting the press? No.
8. Are there any other details and/or advice that you can offer? We have this internal OGC awards presentation annually to boost morale of our staff. We have the ceremony on the last day of our managers conference. I think it will really boost the morale of the staff is the Secretary can just spend a few minutes with us to show his appreciation for the work that OGC does. I also note that it isn't just the attorneys; we have attorneys, paralegals, and other legal support staff all working together as a team across our Immediate Office, 8 Divisions, and 10 Regions to support the Secretary and the work of HHS.
9. Who is the main point on contact? Samantha Austin in our OGC Immediate Office, or me. Jeffrey.Davis@hhs.gov
10. What is the suggested attire? Business (coat and tie).

Remarks:

- Welcome, to all of you.
- Both the President and I share concern about the affordability of medications, bringing drugs to market faster, and spurring innovation that will make lives better.
- As a physician I have first-hand experience with patients and the critical role pharmaceuticals play in recovery. (share your experiences)
- Our goal is to find ways to bring life-saving medicines to market faster and make them more accessible and affordable for those who struggle
- You all know better than anyone what miracles pharmaceutical breakthroughs can mean to longevity and quality of life because you and your loved ones are living with diseases and rely on innovation and being able to afford medication.
- Today I'd like to start a conversation that I hope will continue as this Administration looks for ways to improve every step of bringing drugs to market and making them accessible to everyone.

Let's start by introducing ourselves and your organization and why you are involved, then I understand each of you has prepared 3 minute presentations which I am eager to hear.

- Senior citizens rely on medications more than any other demographic for longevity and quality of life. They also rely on federal programs to afford them.
- That's why we felt it was important that early on in this process we hear from AARP, AAMAC, and 60+ to learn more on what you think would make medications more available and affordable.

Remarks:

Introductions

- Both the President and I share concern about the affordability of medications, bringing drugs to market faster, and spurring innovation that will make lives better.
- As a physician I have first-hand experience with patients and the critical role pharmaceuticals play in recovery.
- Our goal is to find ways to bring life-saving medicines to market faster and make them more accessible and affordable for those who struggle
- You all have studies this issue from a variety of angles, from FDA issues to reimbursement policies. I am eager to hear your best ideas on what we can and should do – and maybe a little of what we shouldn't do, too.
- I understand each of you has about 3 minutes of suggestions to provide as conversation openers.
- So, it would be great if you would introduce yourselves, share your ideas, and then we can discuss.
- Doug Holz-Eakin, would you want to kick us off?

Subject: TEP Speaking at SAMHSA's National Children's Mental Health Awareness Day
Location: Jack Morton Auditorium; George Washington University School of Media and Public Affairs; 805 21st St. NW, Washington, DC

Start: Thu 5/4/2017 8:15 PM
End: Thu 5/4/2017 9:00 PM
Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Secretary Scheduler (OS/IOS)
Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Lloyd, Matt (OS/ASPA); Oakley, Caitlin B. (OS/ASPA); Ryan.Murphy1; Wright, Natasha (OS/IOS); Smith, Christopher (HHS/ASPA); Lapinski, Mary-Sumpter (HHS/IOS)
Optional Attendees: Grinney, Matthew (OS/ASPA); Brennan, Patrick (OS/ASPA)

Summary: The 2017 National Children's Mental Health Awareness Day is on May 7, 2017. SAMHSA will invite Secretary Price to present Special Recognition Awards to U.S. Olympic gold medalists Michael Phelps and Allison Schmitt, Awareness Day 2017 Honorary Co-Chairpersons. Mr. Phelps is being honored for speaking openly about his recovery from mental and substance use disorders and encouraging youth to lead healthy and active lives. Mr. Phelps' close friend and fellow Olympic gold medalist, Ms. Allison Schmitt, has publicly shared her experience with depression and how Mr. Phelps supported and mentored her. This year's event focuses on the importance of integrating behavioral health and primary care for children, youth, and young adults with mental and substance use disorders. More than 1,100 communities and at least 150 national organizations and federal programs participate annually in Awareness Day activities.

Justification: This activity supports the Secretary's priority area on Serious Mental Illness.

1) Please let me know what time he will come so that we can make sure to welcome him when he arrives. He will begin speaking at 8:30 PM. (Please note that two invited guests have not yet confirmed attendance. If they attend, the Secretary will begin at 8:40 PM. I will keep you informed of any scheduling changes.)

2) The National Children's Mental Health Awareness Day event is very unique. It is not like a traditional presentation with speeches and Q&A. The format is a talk show-style fast-paced event. It will consist of three brief panels of nationally known experts with an anchor from NBC-4 serving as moderator. We would like the Secretary to provide remarks and give Michael Phelps and Allison Schmidt recognition awards as part of the exciting conclusion of the evening. The Secretary is currently scheduled to speak for a total of 10 minutes. He will provide remarks for eight minutes and then introduce the recognition award winners for two minutes.

3) During his remarks, we would appreciate it if the Secretary could address his three priorities in the context of the importance of integration of behavioral health and physical health. The first topic is the importance of integrating mental health with primary care. The second topic will be childhood obesity and Secretary Price can announce the new SAMHSA data findings about depression and obesity among adolescent girls. Finally, the third topic will be the activities the Administration is undertaking to address the opioid epidemic. Prior to giving Mr. Phelps and Ms. Schmidt their awards, the Secretary can explain the wonderful work they are doing and why they are being recognized. Draft talking points for Secretary Price are currently going through SAMHSA clearance.

- 4) Unfortunately, there will not be an opportunity for any Q&A from the audience.
- 5) There should be approximately 2800 people who view the national event. We expect 260 people in the auditorium and over 2500 people viewing either the live or on-demand versions of the webcast which will be live streamed by NBC-4 and 10 sister stations across the country. Attendees will include leaders of health and behavioral health organizations, child serving agencies and family and youth organizations as well as primary care clinicians and behavioral health practitioners.
- 6) Lisa Rubenstein and Dr. Gary Blau will meet Secretary Price at the door of the building which houses the auditorium. We will take him to his backstage "dressing room" and Paolo Delvecchio, Director, Center for Mental Health Services and Kana Enomoto, Acting Deputy Assistant Secretary for Mental Health and Substance Use, will greet him there.
- 7) National press will be invited. Extensive social and traditional media outreach will be conducted prior to the event.
- 8) We hope that the Secretary will be able to come at 7:00 PM and watch the entire event because there will be the opportunity to hear the voices of many different families, youth, behavioral health providers and primary care clinicians discussing how to better work as a team to serve children, youth and families.
- 9) Lisa Rubenstein is the main point of contact.
- 10) The suggested attire is business formal.

Secretarial Briefing

Event Name: TEP Staff Briefing re: Health Care Industry Cybersecurity - Task Force Report to Congress on Improving Health Care Industry Cybersecurity

Location: 610-F; Secretary's Conference Room

Time: May 11- 11:30a

Topic: Health Care Industry Cybersecurity

Reason: ASPR will provide the Secretary with an overview of the report's recommendations, concerns raised by other parts of the Department, and anticipated stakeholder reaction.

Secretary's Role: Be informed of the report's findings.

Background: The Cybersecurity Information Sharing Act of 2015 tasked the U.S. Department of Health and Human Services (HHS) with the creation of a Health Care Industry Cybersecurity Task Force. Under the Act, the Task Force is to consist of subject matter experts within and outside government, who were selected by the HHS Secretary in

coordination with the Department of Homeland Security and the National Institutes of Standards and Technology. The Office of the Assistant Secretary for Preparedness and Response (ASPR) within HHS was assigned to support the Task Force's work. The public sector Co-Chair of the Task Force is Emery Csulak, Chief Information Security Officer, Centers for Medicare and Medicaid Services, HHS. The private sector Co-Chair is Theresa Meadows, Senior Vice President and Chief Information Officer, Cook Children's Health Care System.

The Health Care Industry Cybersecurity Task Force, which consists of 4 public and 17 private sector subject matter experts, spend a year developing this Report to Congress with recommendations on the growing challenge of cyber-attacks targeting health care. The Report contains industry and government perspectives and recommendations. It advocates for the need for a unified effort – among public and private sector organizations of all sizes and across all sub-sectors – to work together to meet an urgent challenge of cybersecurity issues, which are actually patient safety issues. The Cybersecurity Information Sharing Act of 2015 does not specify a due date for the Task Force report. The term of the Task Force expired in March 2017. ASPR anticipates delivering the Report to Congress on May 14, 2017.

Agenda:

- Report's finding and recommendations
- Perspectives from other parts of the Department
- Anticipated stakeholder reaction
- Discussion

Summit
Program.pdf

1. What is the location address?- First Amendment Center, 1207 18th Ave South, Nashville TN 37212
2. What time would you like him to start? 2:10pm CT
3. How long would you like him to speak? 15-20mins
4. Topics- The Summit discussion will focus on our shared mission on community health. How do we work together as health care organizations and community leaders to streamline effective results for those in need. The idea is to have a new shared focus on prevention. So the Secretary's message should be related to this area.
5. Q&A- yes but Kris had us decline this. No Q&A will take place
6. What is the approximate number of people you expect in attendance? We can fit our comments to fit the audience that you expect. 125-130 top health care executives and organizations across Tennessee in attendance
7. Where should he check-in when he arrives? We will work with the advance team on the best entrance - not sure we go in the front door - we will have Dr Manny welcome him when he arrives at decided location
8. Is the organization inviting the press? Press will be invited unless otherwise notified by your office
9. no further advice
10. Main point of contact - Bob Davis - (b)(6) - press contact will be Chris Devaney - (b)(6) - Dr Manny - (b)(6)
11. Business attire

Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); [lhy61](#) (OS/IOS); Twomey, John K. (OS/IOS); Lloyd, Matt (OS/ASPA); Oakley, Caitlin B. (OS/ASPA); Ryan.Murphy1; Grinney, Matthew (OS/ASPA); Brennan, Patrick (OS/ASPA); McGowan, Robert (Kyle) (HHS/IEA)

1. What is the location address? - **EEOB**
2. What time would you like him to start? - **4:30pm**
3. How long would you like him to speak? - **10-15 minutes, with remainder of time spent in a dialogue with the member**
4. What is the main topic you would like for the Secretary to address? Are there specifics item you would like for him to talk about? **Medicaid, working with state legislatures, health and human services priorities of the administration**
5. Would you like him to save time for Q&A with the audience? **YES**
6. What is the approximate number of people you expect in attendance? **60** We can fit our comments to fit the audience that you expect.
7. Where should he check-in when he arrives? **n/a – waiting for room number**
8. Is the organization inviting the press? **NO**
9. Are there any other details and/or advice that you can offer?
10. Who is the main point on contact? **Molly Ramsdell**
11. What is the suggested attire? **Business**

Notes: As some background, in the past these meetings have limited formal comments (maybe 10-12 minutes) with the majority of time being a dialogue with the state legislative leaders. The room is usually set in a hollow square and the Secretary sits at one end of the square...no podium.

In general it would be great if the Secretary could address the following topics in his comments - Medicaid, opioids, working with state legislatures and health and human services priorities of the administration. Below are a few specific questions...but I'm sure our members will have their own as well.

1. Of the 71.7 million individuals enrolled in the Medicaid program nationwide, 55.2 million individuals are enrolled under a Medicaid managed care arrangement in their state. How might HHS alter existing operational requirements that offer states options easing the transition of Medicaid managed care programs to operate under a fixed federal funding mechanism?

2. Given that the President's budget proposal invests in activities to fight opioids and includes \$589 million for SAMHSA to targeted fighting the opioid epidemic. What flexibilities would states have in using the \$500 million authorized in the 21st Century Cures Act for FY2017 and 2018 to increase access to treatment and to reduce overdose deaths?
3. You've made statements that you support more state flexibilities in administering federal HHS programs. What options might we see in state human services programs?

The students will be discussing 3 topics in this year's Model Congress. One of them is the growing dependence on opioids. It would be great if the Secretary could give the students the new administration's policy on dealing with the growing opioid epidemic.

Please find attached a complete list of this year's participants.

Let me know if you need any additional information.

Topic:
Healthcare Reform and Opportunities

Reason:

The purpose of this meeting is to:

- (1) introduce the current leadership of Grady. Frank Blake assumed the duties of Chairman from Pete Correll in late 2016 and would like to establish a relationship with the Secretary.
- (2) discuss potential ways to protect the nation's large, urban safety net hospitals like Grady in the repeal and replace process both within any legislation and actions by HHS
- (3) share work Grady has done on a potential Medicaid waiver and opportunities to transform how healthcare is delivered to the uninsured in Georgia

Remarks:

The Doctor-Patient Relationship

The doctor-patient relationship is the most sacred part of our entire healthcare system.

Under the current healthcare law, that relationship is being undermined. The Affordable Care Act has given Washington more power and authority over healthcare, leaving patients and providers with less freedom over medical decisions.

Whenever the federal government thinks it knows better than a patient and their doctor about what they need, quality of care is compromised.

We must work to restore the doctor-patient relationship to put patients, families, and doctors back in charge of healthcare decisions.

Our healthcare reform efforts will restore, protect and preserve the doctor-patient relationship — the trusting partnership that is fundamental to quality healthcare.

Our reform effort will ensure patients and physicians are the ones making medical decisions, not Washington, and provide relief to those being harmed by the current healthcare system.

How the President's Plan Protects the Doctor-Patient Relationship

Patients with Access to Healthcare Dollars.

Health Savings Accounts (HSAs), will add flexibility and increase contribution limits so that Americans can build savings for when healthcare needs arise.

Expanding Patient Choice to See the Doctor of Their Choice.

Every American should be able to choose the plan that fits their needs and allows them to see the doctor that they want. We will end the 'Washington knows best' mentality of picking winners and losers among patients. Instead, patients will have the freedom to choose the coverage that is right for them. That could be a comprehensive plan with a broad network, an HMO plan, or a catastrophic plan that allows the patient to shop around to get the best deal on routine medical expenses — it's up to you, not Washington, DC.

Encouraging Innovation to Protect Patients.

States will have the flexibility to innovate to ensure meaningful access to care for patients through a variety of options to drive down costs, improve access to coverage options, and provide further financial assistance to lower premiums, deductibles, and out-of-pocket costs.

Providing Patients with Meaningful Access to Care.

When a doctor recommends a procedure, but a patient has a \$6,000 or \$10,000 deductible, they may have "coverage," but they don't have care. They cannot afford the procedure that their doctor is recommending they have. This is a classic example of Washington inserting itself into the hospital examination room. We're working to let market forces lower the cost of care and bring down premiums and deductibles, so that patients not only have coverage, but meaningful access to the procedures they need and that their doctor recommends.

sheet 5,1,17_11...

The National Institutes of Health (NIH) is hosting a meeting of distinguished medical professionals, academics, and private sector researchers to discuss the neurobiological mechanisms of pain. This event is the last in a series of three meetings convened by NIH to discuss a variety of topics related to the opioid epidemic. The purpose of the meetings is to identify areas in which enhanced research collaboration is needed in order to promote the development of medical products that will assist in combatting the opioid epidemic by more effectively treating pain, preventing the onset of addiction, and better treating those who become addicted. Following these meetings, NIH intends to develop a white paper that will hopefully lead to the establishment of a public-private partnership between NIH and industry, similar to partnerships in which NIH is currently engaged.

Meeting Title: Understanding the Neurobiological Mechanisms of Pain

Date: July 7, 2017

Location: NIH Campus, Building 1 (room TBD)

Goal: To enhance our understanding of the complex neurobiological mechanisms of pain to accelerate the development of novel pain treatments

Others Invited: 30+ medical professionals, academics, and private sector researchers working in this field

Key Topics:

- Pain neural circuitry and maladaptive plasticity
- Pain and immune function
- Acute-to-chronic pain transition
- Heterogeneity of pain syndromes

[PLACEHOLDER: Embed Michelle's #IAmHHS video]
[PLACEHOLDER: Embed image of Michelle somewhere in the blog]

I grew up in small-town Pennsylvania, and I couldn't wait to spread my wings.

While getting my nursing and international health degrees at the University of Pennsylvania, I took opportunities to study and work abroad -- in Mexico, New Zealand, Botswana and India. I learned how precious good health is everywhere, and how diseases don't pay attention to borders. What happens on the other side of the world, like Ebola or Zika, can be at our doorstep in a moment. That's why I'm interested in fighting infectious disease.

Back here in the States, I worked as a home visit nurse in Philadelphia, but it was my longtime dream to work at the National Institutes of Health. I was thrilled when I was offered a position at an infectious disease clinic at the NIH Clinical Center in Bethesda, Maryland. In the same year, I also became an officer in the U.S. Public Health Service Commissioned Corps. Serving in uniform is a long family tradition, dating back to the American Revolutionary War, and I'm proud to continue it.

Several years ago, when Ebola broke out in West Africa, and Public Health Service teams were forming, I jumped at the chance to go to West Africa. I was chosen to be part of the first team to set up an Ebola Treatment Unit in Monrovia, Liberia. We took care of health care workers who were exposed while caring for Liberians who had contacted Ebola. I believe those health care workers were the true heroes of the Ebola epidemic. I still remember the Liberian obstetrician who helped a poor mother give birth. He became infected and he suffered terribly—just for helping a woman have a baby. Working in Liberia was an honor and an experience I will never forget.

At the NIH Clinical Center, we are working to find treatments and vaccines against Ebola, HIV, malaria and other diseases. There's so much meaningful work to do at NIH, it's always exciting. We never know what might be the next Ebola, the next HIV. With the right care, we can treat people and prevent diseases from spreading. We can help families, communities and whole societies.

I'm Michelle Holshue. I'm a nurse, an NIH researcher, and a global public health responder. And I am HHS.

Michelle is one of more than 79,000 people who make HHS run every day. You can share her story and see others on Twitter and Facebook using #IAmHHS.

"I feel so Blessed to have experienced 38 years of federal service. Most of my years of service have been with the U.S. Department of Health and Human Services, as a Management Analyst. My roles within HHS have been with the (Family Support Administration, Office on Child Support, Foster Care Bureau, and the Administration on Developmental Disabilities with ACF, and now the Administration on Intellectual and Developmental Disabilities at ACL). I feel privileged to have taken the journey. I've experienced being homeless and lived in an orphanage and foster care home. Having experienced needing supports, equipped me to serve and have a heart for families in need. My task within HHS was meant to be. I have worked with a lot of dedicated individuals. Saying goodbye is not really goodbye. Our communities still need supports for families in need and I will continue to serve as an advocate."

2016_NSDUH_sli...

Event Name: 2016 NSDUH Results Briefing

Location: HHS

Time: Any time before Aug 18th, but preferably between Aug 9th and Aug 15th

Topic: The purpose of this briefing is to provide the Secretary with a brief overview of the findings of the 2016 National Survey on Drug Use and Health (NSDUH), which is conducted by the Substance Abuse and Mental Health Services Administration (SAMHSA).

Reason: The NSDUH is the most comprehensive survey of substance use, substance use disorders, mental health, and the receipt of treatment services for these disorders in the United States. It is an annual, nationally representative, self-reported survey of approximately 67,500 people aged 12 years or older in the 50 states and the District of Columbia. The initial release of selected 2016 NSDUH results will occur as part of the September 7, 2017 press conference at the National Press Club, kicking off the 28th Annual Observance of National Recovery Month. NSDUH results are released annually as part of the observance of National Recovery Month.

This report focuses on the 2016 results and where possible, provides trends in substance use, substance use disorders, and mental health from 2002 to 2016. Of specific interest to the Secretary are 2016 NSDUH findings

on opioid misuse, heroin use, and opioid use disorder. The 2016 NSDUH also includes information on serious mental illness.

TEP's Role: The briefing is to inform the Secretary about the 2016 NSDUH findings and gather any input or questions he might have regarding the data and trends.

Lead: Kana Enomoto

Event POC: Kana Enomoto

Attendees: Kana Enomoto; Daryl Kade, Director, Center for Behavioral Health Statistics and Quality (CBHSQ); Neil Russell, Director, Division of Surveillance and Data Collection, CBHSQ; Jonaki Bose, Branch Chief, Populations Survey Branch, CBHSQ; Rachel Lipari, CBHSQ.

John, Kris, and Jessica,

Representative Ken Calvert (R-CA), Chairman of the House Appropriations Subcommittee for the Interior, Environment, and Related Agencies ("Interior"), has requested a meeting with the Secretary in his new role. Chairman Calvert asked for this meet and greet to formally welcome the Secretary into his new position and to have a conversation about working together to support the Indian Health Service (the Interior Subcommittee oversees funding for the IHS). Dr. Price hosted Representative Tom Cole (R-OK), Chairman of the Labor-HHS Subcommittee, on February 17th for a similar meeting. Representative Cole's Staff Director, several members of the HHS policy team and Norris Cochran, Acting ASFR, attended the meeting with Chairman Cole. We recommend that RADM Chris Buchanan, Acting Director of the Indian Health Service, also be included in the meeting with Chairman Calvert.

Chairman Calvert is available the afternoon of March 17th and would come to the Humphrey building for the meeting. Does the Secretary have 30 minutes available on his calendar for this meeting?

Thank you for your assistance.

Good afternoon Dr. Robinson,

We are confirmed for 3:30 p.m. this Wednesday, March 8, 2017. The Secretary will meet with senior leadership in the Chair's Conference Room (1302) and with the full DAB, down the hall, in the Hearing Room (1030). We will have someone meet the Secretary at security to escort him to these locations. I will advise you of the person's name as soon as determined.

Please advise how many people will be with the Secretary so that we can be sure to provide appropriate accommodations.

Remarks:

- Welcome, to all of you.
- Both the President and I share concern about the affordability of medications, bringing drugs to market faster, and spurring innovation that will make lives better.
- As a physician I have first-hand experience with patients and the critical role pharmaceuticals play in recovery. (share your experiences)
- Our goal is to find ways to bring life-saving medicines to market faster and make them more accessible and affordable for those who struggle
- You all know better than anyone what miracles pharmaceutical breakthroughs can mean to longevity and quality of life because you and your loved ones are living with diseases and rely on innovation and being able to afford medication.
- Today I'd like to start a conversation that I hope will continue as this Administration looks for ways to improve every step of bringing drugs to market and making them accessible to everyone.

Let's start by introducing ourselves and your organization and why you are involved, then I understand each of you has prepared 3 minute presentations which I am eager to hear.

Chairman Jeff Baillet, MD, will call in by phone for the meeting from California. Elizabeth Mitchell will lead the meeting on PTAC's end.

Event Name: Staff Briefing on PTAC

Location: 610-F

Time: 2:00p

Topic/Reason: Secretary Price will meet with members of the Physician-Focused Payment Model Technical Advisory Committee (PTAC). This meeting will be in advance of his public remarks at the Committee's public meeting on April 10. The April 10 meeting will be the first at which the PTAC publicly deliberates and votes on Physician-Focused Payment Models (PFPMS) submitted to PTAC by stakeholders. As directed by the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), PTAC will determine whether each model meets criteria established in regulation and make comments and a recommendation to Secretary Price on each proposal. Subsequent to the meeting, PTAC's recommendations and comments will be transmitted to him for a written response. Secretary Price's written response is required by MACRA; the statute does not specify a date for this response.

Location: 610-F

Time: 2:00p

Topic/Reason: Secretary Price will meet with members of the Physician-Focused Payment Model Technical Advisory Committee (PTAC). This meeting will be in advance of his public remarks at the Committee's public meeting on April 10. The April 10 meeting will be the first at which the PTAC publicly deliberates and votes on Physician-Focused Payment Models (PFPMs) submitted to PTAC by stakeholders. As directed by the Medicare Access and CHIP Reauthorization Act of 2015 (MACRA), PTAC will determine whether each model meets criteria established in regulation and make comments and a recommendation to Secretary Price on each proposal. Subsequent to the meeting, PTAC's recommendations and comments will be transmitted to him for a written response. Secretary Price's written response is required by MACRA; the statute does not specify a date for this response.

Notes: Invite from McCarthy's scheduler to Members below.

Schedulers—

Leader McCarthy invites your boss to a Member Meeting with Health & Human Services Secretary Tom Price on Thursday, April 27th from 11:00AM—12:00PM in H-107, the Leader's office.

By way of background, your boss signed the attached letter, which requests that Secretary Price review the Weldon Amendment with regard to the abortion mandate in California and highlights several other pro-life issues that Secretary Price could address. The purpose of the meeting is to underscore GOP Members' pro-life priorities and personally brief the Secretary on how these issues affect your boss' constituents.

One staffer may attend with their boss present.

Please confirm whether or not your boss plans to attend by COB Friday, April 21st.

Thanks!

Notes: Staff has shared (b)(6) resume with Tim Clark and offered the Congressman a call with him to discuss (b)(6) resume.

This is background only for the Secretary – and Dr. Price does not need to mention this...but he should be briefed, in case the Congressman raises the topic of (b)(6) – then Dr. Price can respond that he’s aware of the recommendation; that his team in WHL have already been in touch with the candidate; that we are hoping to find a suitable place for him, and thank him for his recommendation, etc. No promises...only acknowledge and thank Rep. Jones for the recommendation.

Case No. 2018-00195-FOIA-OS

American Oversight v. HHS, Civil No. 18-0534 (D.D.C.)

May 23, 2019

Mr. Austin R Evers
Executive Director
American Oversight
1030 15th Street, N.W., Suite B255
Washington, DC 20005

Dear Mr. Evers:

This letter is the fifth interim response to your above-referenced Freedom of Information Act (FOIA) requests submitted to the U.S. Department of Health and Human Services (HHS). Specifically, you requested the following records: “all calendar entries for anyone serving or acting as the Secretary, Deputy Secretary, Chief of Staff or Deputy Chief of Staff from January 20, 2017, through the date of the search. We believe this would include the following individuals:

- Former Secretary Tom Price;
- Secretary Alex Azar;
- Eric Hargan (both in his capacity as Acting Secretary and as Deputy Secretary);
- Anyone who has acted or served as Chief of Staff since January 20, 2017;
- Anyone who has acted or served as Deputy Chief of Staff since January 20, 2017.

Please note we are also looking for any calendars kept for the Secretary and Deputy Secretary’s Conference Rooms, and Rooms 610F and 607G since January 20, 2017.”

The Department processed 1500 pages of potentially responsive records captured in the agency’s search for FOIA request 2018-00195-FOIA-OS. After a careful review of these pages, I have determined to release 132 pages to you in their entirety, and I am further releasing 1170 pages in part, with portions redacted, pursuant to Exemptions (b)(5), (b)(6), and (b)(7)(C) of the FOIA (5 U.S.C. §552 (b)(5), (b)(6), (b)(7)(C)). I have also determined to withhold (4) four pages in their entirety, pursuant to Exemptions (b)(5) and (b)(6) of the FOIA (5 U.S.C. §552 (b)(5), (b)(6)). Furthermore, I have determined that 188 pages should be sent for consultation to other agencies and returned to this Department for final disposition. Finally, I determined that (6) six pages were determined to be non-responsive and duplicative to your request.

FOIA exemption (b)(5) protects inter-agency or intra-agency memoranda or letters which would not be available by law to a party other than an agency in litigation with the agency. This exemption protects documents that would be covered by any privilege an agency could assert in a civil proceeding. These privileges include, among others, the deliberative process privilege, the attorney-client privilege, and the attorney work-product privilege.

FOIA exemption (b)(6) permits a Federal agency to withhold information and records about individuals in “personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” The definition of “similar files” has historically been broadly interpreted to include a wide variety of files, and the United States Supreme Court has held that Congress intended the term “similar files” to be interpreted broadly, rather than narrowly. I have analyzed these records and find they meet the threshold requirement of this exemption. Additionally, I have reviewed and weighed the public interest in disclosure of this information against the privacy interest in nondisclosure, and found that the privacy interest outweighs the public’s interest in disclosure.

FOIA exemption (b)(7)(C) provides protection for personal information in records compiled for law enforcement purposes, for witnesses, third parties, and others, when such disclosure “could reasonably be expected to constitute an unwarranted invasion of personal privacy.”

We will continue to review the remaining records as efficiently and expeditiously as possible, consistent with our available resources and the Order of the Court. Should you have questions or concerns regarding the Department’s response and/or the processing of your request, any such issues should be communicated to your legal counsel and Department of Justice Attorney representing the Department in this matter.

Sincerely yours,

Michael S. Marquis
Director
Freedom of Information and Privacy Acts Division

Dear Jessica and John,

Last week, on behalf of the Biotechnology Innovation Organization (BIO), I spoke to Tom about meeting with them some time in the afternoon of April 4, 2017. Members of their Board of Directors would appreciate the opportunity to discuss ways in which the industry can help Secretary Price and President Trump achieve lower drug cost while encouraging the continued growth and success of the biotechnology industry.

Specifically, the members of the Board would like to discuss BIO's commitment to assist in lowering healthcare costs, enhance the national response to biologic threats and pandemics, and improve the FDA regulatory system to speed the approval of safe and effective medicines and other biotechnology products.

Tom know Jim Greenwood, Bio's President & is familiar with the organization. I will also attend the meeting.

I've attached a formal invitation and would greatly appreciate your consideration. Please let us know if you need further information or have any questions.

Many thanks.

Event Name: Call w/ American Samoa Governor Lolo Moliga

Location: 615-F

Time: 5pm

Topic: Overview of health care in American Samoa

Reason: Governor Lolo (please note that Lolo is treated as his last name) has requested this introductory call to: 1) congratulate the Secretary on his appointment; 2) invite the Secretary to American Samoa when his schedule permits; and 3) provide an overview of the unique health care demographics of American Samoa.

TEP's Role: Listen to the Governor's description of the health care system in American Samoa. He may discuss that there is no health insurance market in the territory and that he and members of his Cabinet have no health care coverage. Medicaid is the only health care program, which by statute is capped in American Samoa and the other territories.

I talked with Gov. Herbert's team earlier today and he will be here later in the month and is interested in meeting with Sec. Price and Admin. Verma on Medicaid waiver requests and health reform ideas more generally. Can you all see if you can make this work and either way close the loop with the Governor and his team? We are on the front end of their trip planning so they are pretty flexible as you will see in time blocks below.

Topics:

- 1) Additional flexibilities in Utah's request for a targeted Medicaid expansion for adults without dependent children
- 2) Overall support for Medicaid reform but specific areas of concern with current proposal

Reason:

1) Last year, Utah submitted a request to begin a limited Medicaid expansion at current match rates for the chronically homeless and those involved in the justice system. The request was structured to gain approval from the Obama Administration but the previous administration did not act on our request. Now Utah would like to revise its request to include additional flexibilities that we hope have the support of this administration - work requirements, targeted cost sharing, capped enrollment, etc.

2) While we expressed overall support for the repeal and replace efforts earlier this year, we had some concerns about some provisions in the proposal. We are concerned that promised flexibilities may not last beyond the current administration. We also had concerns regarding the adequacy of tax credits and the way per capita amounts would be calculated for nonexpansion states. We would like to solicit the support of the administration in addressing these concerns in future reform proposals.

Organizer: Secretary Scheduler (OS/IOS)

Required Attendees: Harrison, Jessica (OS/IOS); Skrzycki, Kristin (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Davis, Jeffrey (HHS/OGC); Flick, Heather (OS/OGC); Lloyd, Matt (OS/ASPA); Oakley, Caitlin B. (OS/ASPA); Ryan.Murphy1; Martinez, Cecilia (OS/IOS)

1. What time would you like him to start? It depends on whether he wants to be there at the beginning (3 pm) for the presentation of colors and singing of the National Anthem. All that should take about 10 minutes, after which I'd introduce Dr. Price and he'd start speaking around 3:15.
2. How long would you like him to speak? I envision some brief remarks (perhaps 5 to 10 minutes, could be shorter or longer) to indicate he's glad he has OGC to assist with the Department's work, and to congratulate the awardees. If he wants to say anything at all about his priorities, or the work of the agency, that would be great. We're involved with everything.
3. What is the main topic you would like for the Secretary to address? OGC is an essential partner. He's already seen that, and he's glad to have our assistance to advance the work of HHS. Are there specifics item you would like for him to talk about? Perhaps a word or two about the importance of dedicated staff such as we are honoring today.
4. Would you like him to save time for Q&A with the audience? No unless he wants to. I envision his remarks at the beginning of the ceremony, after which he'd likely depart due to time constraints, but would certainly be welcome to stay. The award presentations will likely take about 30 minutes, after which we'll have a reception to honor the awardees.
5. What is the approximate number of people you expect in attendance? We expect to have about 150 in the Great Hall, and we stream it live to all of the OGC regional offices for those out of town to watch their colleagues get the awards. We can fit our comments to fit the audience that you expect. Can we have a list of attendees? We will have all the OGC supervisors and managers in town for our annual conference (should be about 70 of them), plus the awardees (25, plus 1 posthumous), plus supporting colleagues from local OGC offices and some family members and guests. I have attached a list of the awardees.
6. Where should he check-in when he arrives? We will have a seat for him on the stage that will be set up in the Great Hall.
7. Is the organization inviting the press? No.
8. Are there any other details and/or advice that you can offer? We have this internal OGC awards presentation annually to boost morale of our staff. We have the ceremony on the last day of our managers conference. I think it will really boost the morale of the staff is the Secretary can just spend a few minutes with us to show his appreciation for the work that OGC does. I also note that it isn't just the attorneys; we have attorneys, paralegals, and other legal support staff all working together as a team across our Immediate Office, 8 Divisions, and 10 Regions to support the Secretary and the work of HHS.
9. Who is the main point on contact? Samantha Austin in our OGC Immediate Office, or me. Jeffrey.Davis@hhs.gov
10. What is the suggested attire? Business (coat and tie).

I have attached a list of the awardees.
6. Where should he check-in when he arrives? We will have a seat for him on the stage that will be set up in the Great Hall.
7. Is the organization inviting the press? No.
8. Are there any other details and/or advice that you can offer? We have this internal OGC awards presentation annually to boost morale of our staff. We have the ceremony on the last day of our managers conference. I think it will really boost the morale of the staff is the Secretary can just spend a few minutes with us to show his appreciation for the work that OGC does. I also note that it isn't just the attorneys; we have attorneys, paralegals, and other legal support staff all working together as a team across our Immediate Office, 8 Divisions, and 10 Regions to support the Secretary and the work of HHS.
9. Who is the main point on contact? Samantha Austin in our OGC Immediate Office, or me. Jeffrey.Davis@hhs.gov
10. What is the suggested attire? Business (coat and tie).

Summary: The 2017 National Children's Mental Health Awareness Day is on May 7, 2017. SAMHSA will invite Secretary Price to present Special Recognition Awards to U.S. Olympic gold medalists Michael Phelps and Allison Schmitt, Awareness Day 2017 Honorary Co-Chairpersons. Mr. Phelps is being honored for speaking openly about his recovery from mental and substance use disorders and encouraging youth to lead healthy and active lives. Mr. Phelps' close friend and fellow Olympic gold medalist, Ms. Allison Schmitt, has publicly shared her experience with depression and how Mr. Phelps supported and mentored her. This year's event focuses on the importance of integrating behavioral health and primary care for children, youth, and young adults with mental and substance use disorders. More than 1,100 communities and at least 150 national organizations and federal programs participate annually in Awareness Day activities.

Justification: This activity supports the Secretary's priority area on Serious Mental Illness.

1) If the Secretary is available, we would like to invite him to come to the beginning of the event at 7:00 PM. If this is not convenient, please arrange for him to arrive at 8:00 PM. Please let me know which time he will come so that we can make sure to welcome him when he arrives. He will begin speaking at 8:30 PM. (Please note that two invited guests have not yet confirmed attendance. If they attend, the Secretary will begin at 8:40 PM. I will keep you informed of any scheduling changes.)

2) The National Children's Mental Health Awareness Day event is very unique. It is not like a traditional presentation with speeches and Q&A. The format is a talk show-style fast-paced event. It will consist of three brief panels of nationally known experts with an anchor from NBC-4 serving as moderator. We would like the Secretary to provide remarks and give Michael Phelps and Allison Schmidt recognition awards as part of the exciting conclusion of the evening. The Secretary is currently scheduled to speak for a total of 10 minutes. He will provide remarks for eight minutes and then introduce the recognition award winners for two minutes.

3) During his remarks, we would appreciate it if the Secretary could address his three priorities in the context of the importance of integration of behavioral health and physical health. The first topic is the importance of integrating mental health with primary care. The second topic will be childhood obesity and Secretary Price can announce the new SAMHSA data findings about depression and obesity among adolescent girls. Finally, the third topic will be the activities the Administration is undertaking to address the opioid epidemic. Prior to giving Mr. Phelps and Ms. Schmidt their awards, the Secretary can explain the wonderful work they are doing and why they are being recognized. Draft talking points for Secretary Price are currently going through SAMHSA clearance.

- 4) Unfortunately, there will not be an opportunity for any Q&A from the audience.
- 5) There should be approximately 2800 people who view the national event. We expect 260 people in the auditorium and over 2500 people viewing either the live or on-demand versions of the webcast which will be live streamed by NBC-4 and 10 sister stations across the country. Attendees will include leaders of health and behavioral health organizations, child serving agencies and family and youth organizations as well as primary care clinicians and behavioral health practitioners.
- 6) Lisa Rubenstein and Dr. Gary Blau will meet Secretary Price at the door of the building which houses the auditorium. We will take him to his backstage "dressing room" and Paolo Delvecchio, Director, Center for Mental Health Services and Kana Enomoto, Acting Deputy Assistant Secretary for Mental Health and Substance Use, will greet him there.
- 7) National press will be invited. Extensive social and traditional media outreach will be conducted prior to the event.
- 8) We hope that the Secretary will be able to come at 7:00 PM and watch the entire event because there will be the opportunity to hear the voices of many different families, youth, behavioral health providers and primary care clinicians discussing how to better work as a team to serve children, youth and families.
- 9) Lisa Rubenstein is the main point of contact.
- 10) The suggested attire is business formal.

awards, the Secretary can explain the wonderful work they are doing and why they are being recognized. Draft talking points for Secretary Price are currently going through SAMHSA clearance.

4) Unfortunately, there will not be an opportunity for any Q&A from the audience.

5) There should be approximately 2800 people who view the national event. We expect 260 people in the auditorium and over 2500 people viewing either the live or on-demand versions of the webcast which will be live streamed by NBC-4 and 10 sister stations across the country. Attendees will include leaders of health and behavioral health organizations, child serving agencies and family and youth organizations as well as primary care clinicians and behavioral health practitioners.

6) Lisa Rubenstein and Dr. Gary Blau will meet Secretary Price at the door of the building which houses the auditorium. We will take him to his backstage "dressing room" and Paolo Delvecchio, Director, Center for Mental Health Services and Kana Enomoto, Acting Deputy Assistant Secretary for Mental Health and Substance Use, will greet him there.

7) National press will be invited. Extensive social and traditional media outreach will be conducted prior to the event.

8) We hope that the Secretary will be able to come at 7:00 PM and watch the entire event because there will be the opportunity to hear the voices of many different families, youth, behavioral health providers and primary care clinicians discussing how to better work as a team to serve children, youth and families.

9) Lisa Rubenstein is the main point of contact.

10) The suggested attire is business formal.

Hi Jessica. My name is Cynthia Garst, and I'm a consultant and old friend of Secretary Price's from his home state of GA. I shot him a text message to see if one of my clients could come by to meet with the CIO at HHS, and he was kind enough to give me your contact information to try to make this happen. Obviously, it would be wonderful if Secretary Price could pop in and say hi, but I know how busy he is - I would just love to see him - even if just for a minute!

Can you help me with this? My client is Teradata. They do extensive work at CMS - as well as other federal agencies. They have availability during the week of May 15th and May 22nd. Tue-Thursday work best for them, but really any day works. I can obviously also provide more dates. They had some April dates available, but I figured that was too soon to even put on the table. I really appreciate any guidance/help you can give me. I am waiting on a little more detail from them on what exactly they would like to discuss - and will send that along ASAP.

I look forward to hearing from you. You're working for a great guy!

Thanks so much.

Hey there,

We've got a number of docs coming in tomorrow to talk about regulatory relief – including Cathy Cohen, Katie Orrico, Peggy Tighe, etc. – and they were wondering if the group could try to get a pic with Dr. Price. I have no idea what his schedule is and it's completely fine if that's not an option. I just thought I might check.

Thanks!
Amanda

Event Name: Influenza (H7N9) Briefing Proposal for Secretary Price

Location: TBD

Time: As soon as possible

Topic: A 30 minute briefing from senior HHS leadership on pandemic influenza, its history, current risks, international coordination and response mechanisms, and how the Department would mobilize in the event of such a pandemic.

TEP's Role: This meeting is a follow-up to the flu briefing that took place on 4/3 and the Secretary indicated he is interested.

Reason: In 2005, the U.S. Department of Health and Human Services (HHS) developed the HHS Pandemic Influenza Plan (PIP) to prevent, control, and/or mitigate the effects of influenza viruses assessed to pose high risk to humans. Influenza viruses, of which there are many types, can cause rapid, widespread disease and death. Pandemic influenza outbreaks in the 20th Century alone have left tens of millions of people dead in their wake and have cost hundreds of billions of dollars in lost lives, wages, productivity and economic devastation. Influenza viruses with pandemic potential require the rapid development, production and availability of medical countermeasures such as vaccines, diagnostics and antiviral drugs to mitigate the impact of the pandemic, as well as additional preparedness and response efforts beyond medical countermeasures. Since that time, the nation has experienced, and learned from, the 2009 H1N1 pandemic and the emergence of other influenza viruses of concern, such as H7N9 and H5N1. In 2016, HHS updated its Pandemic Influenza Plan with the aim of highlighting and building on the successes of the last decade, and to make clear the work that remains to be done.

The current influenza situation is of concern. Human infections with H7N9 were first reported in China in March 2013. Annual increases in the number of human infections with H7N9 viruses in China have occurred each winter since 2013 and are called "epidemics". The current epidemic – the fifth – is different from previous because of the unusually high number of human infections and the identification of some strains of the virus with mutations that make them highly pathogenic to poultry. Most of the reported human cases of H7N9 virus infection have had very serious illness, including severe pneumonia, and about 40% of reported human cases have resulted in death overall.

Proposed Participants:

- Acting CDC Director (or designee) +1
- NIH Director (or designee) +1
- Acting Assistant Secretary for Global Affairs (or designee) +1

Event Name: Influenza (H7N9) Briefing Proposal for Secretary Price

Location: 610-F

Time: 2p

Topic: A 30 minute briefing from senior HHS leadership on pandemic influenza, its history, current risks, international coordination and response mechanisms, and how the Department would mobilize in the event of such a pandemic.

TEP's Role: This meeting is a follow-up to the flu briefing that took place on 4/3 and the Secretary indicated he is interested.

Reason: In 2005, the U.S. Department of Health and Human Services (HHS) developed the HHS Pandemic Influenza Plan (PIP) to prevent, control, and/or mitigate the effects of influenza viruses assessed to pose high risk to humans. Influenza viruses, of which there are many types, can cause rapid, widespread disease and death. Pandemic influenza outbreaks in the 20th Century alone have left tens of millions of people dead in their wake and have cost hundreds of billions of dollars in lost lives, wages, productivity and economic devastation. Influenza viruses with pandemic potential require the rapid development, production and availability of medical countermeasures such as vaccines, diagnostics and antiviral drugs to mitigate the impact of the pandemic, as well as additional preparedness and response efforts beyond medical countermeasures. Since that time, the nation has experienced, and learned from, the 2009 H1N1 pandemic and the emergence of other influenza viruses of concern, such as H7N9 and H5N1. In 2016, HHS updated its Pandemic Influenza Plan with the aim of highlighting and building on the successes of the last decade, and to make clear the work that remains to be done.

The current influenza situation is of concern. Human infections with H7N9 were first reported in China in March 2013. Annual increases in the number of human infections with H7N9 viruses in China have occurred each winter since 2013 and are called "epidemics". The current epidemic – the fifth – is different from previous because of the unusually high number of human infections and the identification of some strains of the virus with mutations that make them highly pathogenic to poultry. Most of the reported human cases of H7N9 virus infection have had very serious illness, including severe pneumonia, and about 40% of reported human cases have resulted in death overall.

1. What is the address?
 - a. The Washington Hilton | 1919 Connecticut Ave., NW, Washington D.C. 20009
2. What time would you like him to start?
 - a. 8:10 a.m. ET
3. How long would you like him to speak?
 - a. 20 minutes (8:30 a.m. ET end time)
4. What is the main topic you would like for the Secretary to address? Are there specifics item you would like for him to talk about?
 - a. Participants are highly interested in Secretary Price's perspective on the role of health data in supporting health care transformation and for commercial and research use, as well as the Administration's plans for driving innovation in health care and the future of Federal open data initiatives.
5. Would you like him to save time for Q&A with the audience?
 - a. No, thank you.
6. What is the approximate number of people you expect in attendance? We can fit our comments to fit the audience that you expect.
 - a. We expect 1100-1400 attendees from a variety of backgrounds: leaders of health systems or health plans, physicians (AMA is a gold sponsor), patients, data analytics firms and tech startups, state policy, public health (more detail below).
7. Where should he check-in when he arrives?
 - a. A member of our staff, likely Kristin Rosengren, will meet you in the lobby and escort you downstairs. Please advise us of any specific security requirements and whether the Secretary would like access to a private speaker ready room before or after his remarks. Our President and CEO, Dr. Lisa Simpson (a pediatrician) will be introducing you to the audience.
8. Is the organization inviting the press?
 - a. Yes. The event is open press, with complimentary registration to credentialed press and freelancers on assignment. The event also has a significant online presence, with active Twitter engagement. We are happy to provide a list of registered press prior to the Secretary's presentation.
9. Are there any other details and/or advice that you can offer?
 - a. The Health Datapalooza draws an eclectic community of individuals and organizations using data to improve health and health care, and drive business value through innovation. These include coders and entrepreneurs from small startups and major technology companies, chief medical and data officers from health care delivery systems, patients who advocate for data access and patient inclusion, researchers, academics, doctors and other clinicians. Participants'

knowledge of health care and the complexities of the health system may vary accordingly, but most are quite passionate about the use of data – and particularly public data – to drive innovation.

10. Who is the main point on contact?

a. Kristin Rosengren, AcademyHealth's Vice President for Strategic Communications, will be your primary contact. Kristin and her team will also be managing the press onsite. She will coordinate with our program and logistics leads to ensure you have everything you need. Kristin's contact information is:

Kristin.Rosengren@academyhealth.org

(b)(6) direct and mobile)

11. What is the suggested attire?

a. Attire for the conference is business casual.

Event Name: TEP Mtg. w/ University of California San Francisco and University of California Irvine Leadership

Location: 610-F

Time: 1pm

Topic: Our principals welcome an opportunity to discuss National Institutes of Health (NIH) funding and respond to Secretary Price's earlier request for examples of areas in which academic medical centers could benefit from regulatory relief.

Reason: The impetus for that meeting had been Secretary Price's staff reaching out to UCI for the purpose of soliciting input on regulatory relief that would be beneficial to hospitals and clinicians.

TEP's Role: Listen and ask questions

Lead: Mary Sumpter- Lapinski

Event POC: Name, Cell and email:
JULIE A. CLEMENTS, J.D., M.P.P.
Director of Health and Clinical Affairs
Office of Federal Governmental Relations
University of California

TEL: (202)-974-6309

CELL: (b)(6)

EMAIL: julie.clements@ucdc.edu

Attendees:

Dr. Howard Federoff, CEO of UC Irvine Health and Vice Chancellor for Health Affairs at UC Irvine;

Dr. Sam Hawgood, Chancellor of UCSF;
Dr. Keith Yamamoto, Vice Chancellor for Science Policy and Strategy and Vice Dean for Research at UCSF School of Medicine; and
Dr. Paul Rothman, CEO of Johns Hopkins Medicine and Dean of Johns Hopkins University School of Medicine.

Drs. Federoff, Hawgood, Yamamoto, and Rothman are seeking this meeting as an opportunity to introduce themselves to Secretary Price and his team, as well as to follow up on an earlier scheduled meeting with Secretary Price that was to take place in part at UCI medical center.

Government Relations staff from these three academic medical centers will be accompanying the principals. These staff members include: Julie Clements, Natalie Price, Barbara French, and Melisa Lindamood. The point of contact will be myself, Julie Clements.

HHS Staff Attendees:
Mary-Sumpter Lapinski, Counselor
Kathryn Bell, Special Asst.

Event Name: TEP Mtg. w/ National Association of Counties Executive Committee Members

Location: 615-F

Time: 1p

Topic: Leaders from the National Association of Counties would like to have an introductory meeting with Secretary Price to express our commitment to working on national health issues—and the importance of a strong federal-state-local partnership. We'd also like to discuss how counties can partner with HHS on shared goals—including fighting the opioid crisis and addressing mental health issues.

Reason: The nation's 3,069 counties play a key role in our nation's health care system, supporting approximately 1,000 hospitals, 900 nursing homes, 800 behavioral health authorities and 1,900 local public health departments.

TEP's Role: Listen and ask questions

Lead: Mary-Sumpter Lapinski

Event POC: Name, Cell and email: Brian Bowden, NACo Associate Legislative Director for Health (bbowden@naco.org) cell: (b)(6) and Legislative Director Deborah Cox (dc Cox@naco.org) cell: (b)(6)

Hi Rose and Damaris,

Our Regional Managers from across the country are here there week for a national OCR conference and we're meeting in the 5th floor conference room. I know this is last minute but I'm wondering if the Secretary could pop in for just a few minutes to greet them, show support for Roger, and perhaps a quick photo op? We can make ourselves available whenever it might work for the Secretary. Thanks very much, Robinsue

Event Name: TEP Mtg. w/ Athena/ Jonathan Bush

Location: 615-F

Time: 3pm

Topic/Reason:

The reason for the meeting/only topic to be discussed is expanding physicians' access to CMS paid claims data for care coordination and policy improvement. After spending two years trying (and failing) to gain access to this data for our provider clients, our experience has been that the ACA did not go nearly far enough in opening up this valuable resource, and it is something Dr. Price should consider as he looks to revise ACA regulations.

Event Name: TEP Mtg. w/ Pete Petit

Location: 615-F

Time: 2p

Topic/Reason: Deborah Dean and I would like to convey our industry experience through MiMedx with CMS and FDA. We have worked with CMS for many years, and with the FDA for decades.

MiMedx is one of the leading regenerative medicine companies in the country, and we are very enthusiastic about the possibilities that the 21st Century Cures Act offers. We have a number of questions that relate to both CMS, FDA and the 21st Century Act.

Also, we believe that Secretary Price would benefit from our experience with HHS.

Location: 615-F

Time: 1:30p

Topic:

the health care discussions now occurring but, from previous conversations, we very much support the patient centered ideas about which Dr. Price has spoken.

In Ann Arbor (the University of Michigan medical school and health system now known as "Michigan Medicine") and in other centers around the country we see a continuing change (we would think erosion) of academic orthopaedics so that it looks more and more like private practice.

But those are side issues. We'll say "hello", catch up and maybe try to persuade him to come to Mackinac Island for the Michigan Orthopaedic Society meeting in June.

Reason: TEP's friend and Dr. Blaha is in town for the National Orthopaedic Leadership Conference

Event Name: Meeting with Ambassador Deborah Birx, U.S. Global AIDS Coordinator

Location: TBC

Time: 11:30AM, May 12th

Topic: Meeting with Ambassador Birx in advance of the World Health Assembly (WHA) to discuss the US President's Emergency Plan for AIDS Relief (PEPFAR).

Reason: Several proposed bilateral meetings for the Secretary at the G20 Ministerial Meeting in Berlin, and at WHA, will occur with countries that receive substantial PEPFAR funding and involve substantial HHS assets and effort. Ambassador Birx will provide Secretary Price with an overview of PEPFAR, with specific information on selected countries based on priorities and the Secretary's bilateral schedule. HHS (CDC, HRSA, FDA, NIH, SAMHSA, OIG, and OGA) receives close to \$2 billion annually to implement programming. Ambassador Birx will also discuss the important role that HHS has played in PEPFAR and the critical engagement of HHS in PEPFAR moving forward.

TEP's Role: Secretary Price will participate in a discussion with Ambassador Birx on PEPFAR.

Letter to HHS Secretary Tom P...

Price-Meeting-R...

Event Name: TEP Mtg. w/ Senator Dole and Premier

Location: 615-F

Time: 2pm

Topic: To provide ways to improve healthcare quality while safely reducing costs, especially in terms of what has worked and not worked from previous policies. This includes ways to reduce the regulatory burden on providers. We hope to partner with the Administration on finding ways to help the private competitive marketplace use its own innovations for reducing health costs, especially in Medicare and Medicaid.

Reason: Premier operates one of the largest group purchasing and performance improvement alliances in the country with over 3750 hospitals, hundreds of thousands of clinicians and more than 130,000 non-acute care sites in their network. Premier's focus includes payment innovations and quality improvements by hospitals as well as supply chain cost issues. Premier is one of the Administration's largest partners on demonstrations and initiatives to improve quality, increase value, and reduce costs. Given their depth of experience in this space, dating back to their successful Bush Administration "pay for performance" demonstration, Premier knows what works and doesn't work, and because their 3,750 hospitals comprise 75% of all hospitals and 130,000 other healthcare providers, they can help the Administration see real savings in any initiative advanced. They hope to discuss with you where policy and rulemaking changes could be made to better reflect competitive market forces in payment and quality innovation and reduce regulatory burden and heavy federal mandates. We understand Secretary Price and his team are looking for specific, short term steps on regulatory relief and budgetary savings and Premier would like to share with the Secretary several recommendations for strengthening the system that align with the Administration's goals.

Secretarial Briefing

Event Name: TEP Staff Briefing re: Health Care Industry Cybersecurity - Task Force Report to Congress on Improving Health Care Industry Cybersecurity

Location: 610-F; Secretary's Conference Room

Time: 9:30a

Topic: Health Care Industry Cybersecurity

Reason: ASPR will provide the Secretary with an overview of the report's recommendations, concerns raised by other parts of the Department, and anticipated stakeholder reaction.

Secretary's Role: Be informed of the report's findings.

Background: The Cybersecurity Information Sharing Act of 2015 tasked the U.S. Department of Health and Human Services (HHS) with the creation of a Health Care Industry Cybersecurity Task Force. Under the Act, the Task Force is to consist of subject matter experts within and outside government, who were selected by the HHS Secretary in coordination with the Department of Homeland Security and the National Institutes of Standards and Technology. The Office of the Assistant Secretary for Preparedness and Response (ASPR) within HHS was assigned to support the Task Force's work. The public sector Co-Chair of the Task Force is Emery Csulak, Chief Information Security Officer, Centers

for Medicare and Medicaid Services, HHS. The private sector Co-Chair is Theresa Meadows, Senior Vice President and Chief Information Officer, Cook Children's Health Care System.

The Health Care Industry Cybersecurity Task Force, which consists of 4 public and 17 private sector subject matter experts, spend a year developing this Report to Congress with recommendations on the growing challenge of cyber-attacks targeting health care. The Report contains industry and government perspectives and recommendations. It advocates for the need for a unified effort – among public and private sector organizations of all sizes and across all sub-sectors – to work together to meet an urgent challenge of cybersecurity issues, which are actually patient safety issues. The Cybersecurity Information Sharing Act of 2015 does not specify a due date for the Task Force report. The term of the Task Force expired in March 2017. ASPR anticipates delivering the Report to Congress on May 14, 2017.

Agenda:

- Report's finding and recommendations
- Perspectives from other parts of the Department
- Anticipated stakeholder reaction

Topic: A 30 minute briefing from senior HHS leadership on the Medicare Trustees' report.

TEP's Role: Secretary Price, as a Trustee for the Medicare and Social Security Trust Funds, will be participating in a meeting and presser for the release of the annual reports to Congress on the financial condition of the trust funds later this month. This pre-brief will be an opportunity for Secretary Price to hear the high points of the Medicare report, discuss the findings, provide comments on the draft report and prepare for the presser which will follow the Trustees' meeting.

Reason: Review of the draft Medicare Trustees' report and preparation for the Trustees' meeting. The first draft of the report was received for review with comments past due.

Proposed Participants: Secretary Price, Lance Leggitt, Kris Skrzycki, Paula Stannard, Nina Schaefer, Seema Varma, John Brooks, Demetrios Kouzoukas, Brady Brooks, Carla DiBlasio, Ann Agnew, John O'Brien, Jen Moughalian,

Lead: John Graham, Acting Assistant Secretary for Planning and Evaluation

Event POC: Sam Shipley, (b)(6), samuel.shipley@hhs.gov

Attendees: ASPE – Nancy DeLew, Don Oellerich, Nguyen Nguyen, Timothy Dube

Event Name: Global Health Security Briefing for Secretary Price

Location: 610-F

Time: 5/15 4:00 pm

Topic: A 30 minute briefing from senior HHS leadership on global health security including global partnerships and USG engagement and support.

TEP's Role: Attend and hear from HHS senior leadership.

Reason: Secretary Price will be traveling to Liberia, the G20 Ministerial, and WHA, and the overarching theme throughout this trip is global health security (GHS). This briefing is an opportunity to provide the Secretary with all necessary background information including global coordination for global health security and our US government bilateral investments and interests in increasing health security capacity. The Secretary will need to understand details about GHS, and the Global Health Security Agenda, both of which the US plays a major global leadership role in developing and implementing policies and programs, and in global coordination. The Secretary will be representing HHS and USG at a number of meetings and site visits and thorough knowledge of the issue and US government involvement will be critical.

Proposed Participants: Secretary Price, Paula Stannard, Kris Skrzycki, Lance Leggitt, Maggie Wynne, Mary-Sumpter Lapinski, Tom Alexander, Ann Agnew, Anne Schuchat/Rebecca Martin (CDC), George Korch (ASPR)

Lead: Mitch Wolfe, M.D., Acting Assistant Secretary for Global Affairs

Event Name: HHS' Partnership with the Intelligence Community: A visit by the Office of the Director of National Intelligence (ODNI)

Location: 523B Humphrey (SCIF) [Discussion will be Classified TS-SCI]

Time: 14 June; 1130-1200

Topic: Dr. Price will host a visit from two ODNI officials. The senior visitor is Bill Evanina, the Director of the National Counterintelligence and Security Center; he is a direct report to the Director of National Intelligence. The junior visitor is Eileen Mackrell, the Deputy Director of the ODNI Partnership Engagement directorate (the office charged with facilitating interaction between the Intelligence Community and other partners).

Reason: ODNI will initiate a discussion on the historic interaction between the Intelligence Community and HHS, as well as identifying current activities and prospective collaboration.

TEP's Role: Support continued interaction with the Intelligence Community while maintaining HHS' role as a non-intelligence community entity.

Event Name: HHS' Partnership with the Intelligence Community: A visit by the Office of the Director of National Intelligence (ODNI)

Location: 523B Humphrey (SCIF) [Discussion will be Classified TS-SCI]

Time: 14 June; 1130-1200

Topic: Dr. Price will host a visit from two ODNI officials. The senior visitor is Bill Evanina, the Director of the National Counterintelligence and Security Center; he is a direct report to the Director of National Intelligence. The junior visitor is Eileen Mackrell, the Deputy Director of the ODNI Partnership Engagement directorate (the office charged with facilitating interaction between the Intelligence Community and other partners).

Reason: ODNI will initiate a discussion on the historic interaction between the Intelligence Community and HHS, as well as identifying current activities and prospective collaboration.

TEP's Role: Support continued interaction with the Intelligence Community while maintaining HHS' role as a non-intelligence community entity.

Notes—from John Graham:

Thank you. Nothing has changed since my 30-day look ahead report of May 1. I met with Dr. Soon-Shiang on April 25 with Seema Verma and Demetrios Kouzoukas. I spoke with Kris Skrzycki last week about Dr. Soon-Shiang's offering to establish a CEO-level health transformation council like the President's manufacturing jobs council and he replied we are not looking to increase boards and commissions and similar bodies so I have not followed up with Dr. Soon-Shiang. He thought we could co-author a white paper on health reform, which I discouraged.

He has two objectives: To establish a CEO-level health transformation council and launch a pilot out of CMMI.

If Dr. Price has another objective I will facilitate it. Dr. Soon-Shiang states he has met the president five times, including on Inauguration Day.

Notes—from John Graham:

Thank you. Nothing has changed since my 30-day look ahead report of May 1. I met with Dr. Soon-Shiang on April 25 with Seema Verma and Demetrios Kouzoukas. I spoke with Kris Skrzycki last week about Dr. Soon-Shiang's offering to establish a CEO-level health transformation council like the President's manufacturing jobs council and he replied we are not looking to increase boards and commissions and similar bodies so I have not followed up with Dr. Soon-Shiang. He thought we could co-author a white paper on health reform, which I discouraged.

He has two objectives: To establish a CEO-level health transformation council and launch a pilot out of CMMI.

If Dr. Price has another objective I will facilitate it. Dr. Soon-Shiang states he has met the president five times, including on Inauguration Day.

Briefing Materials:

Notes: As background, the First Lady came in earlier this year and met with a group organized by IEA.
I attended on behalf of the Secretary at the time.
I will plan to attend this meeting as well just in case she remembers me.

Nina
A recent study concluded that Adverse Childhood Experience (ACEs) may lead to social and cognitive impairment, and subsequent adoption of potential high risk behaviors, disease, disability, social problems, and early death. Trauma-Informed Care is an approach to providing services that take in consideration the social history of patients. Proponents argue that raising awareness of the impact of ACEs and engaging communities in a trauma-informed response creates safe and empathetic environments for healing.

Secretary Price can call Senator Enzi's cell phone ((b)(6)) It would help greatly if you could provide the phone number that Secretary Price would be calling from so Senator Enzi can recognize him as the caller to ensure he answers the call and doesn't send it to voicemail.

TEP should call from work cell ((b)(6)) They have Twomey cell as backup.

It is with profound sadness that we announce the death of Patrick J. Flaherty, MBA, MPP, deputy director of NCHHSTP's Division of HIV/AIDS Prevention's (DHAP's) HIV/STD Research Program in Bangkok, Thailand.

Patrick was a beloved person at his post in Bangkok and within DHAP. He was highly regarded by his colleagues as a consummate professional and an outstanding public health advisor. Patrick served CDC in Beijing, China; in Atlanta at the Office of the Chief Operating Officer and the National Center for Injury Prevention and Control; and in Washington, DC with the Association of State and Territorial Health Officials. He joined the Epidemiology Branch in DHAP in September 2012 and was anticipating departure from his post in Bangkok later this year.

Patrick graduated *cum laude* from the College of William & Mary, received his master of business administration degree from Emory University's Goizueta Business School, and received his master's degree in public policy from the University of Michigan in Ann Arbor. He was [featured](#) by the College of William & Mary for his work related to Ebola.

Event Name: TEP Mtg. w/ Association of American Medical Colleges

Location: 615-F

Time: 9:30a on 6/1

Topic: Discussion about AAMC and its key policy priorities, including Medicare quality and payment policies(including GME and star ratings), NIH, HRSA workforce programs and immigration issues as they relates to residency training and scientific discovery.

Reason: The AAMC represents all of the nation's medical schools and over 400 leading academic medical centers and teaching hospitals and was an early endorser of his nomination as Secretary. The AAMC met with Secretary Price a number of times when he was in Congress and we look forward to continuing this dialogue in his new role. We would like to discuss the AAMC's policy priorities but also how the AAMC and its members can be a resource to the Secretary and his staff.

TEP's Role: Listen and ask questions

RE: Kennedy Center Press Release – Mark Twain Prize (with attachments)

We are pleased to share today's press release announcing that David Letterman will receive the 2017 Mark Twain Prize. He is such a deserving recipient of this award and it will surely be a tremendous show. Please mark your calendars to attend the show on October 22nd.

In the meantime, have a wonderful summer!

Best always,
Kathy

Event Name: : Secretarial Meeting with Georgian Minister of Health, David Sergeenko [Sayr-geh-YEN-ko]

Location: TBC

Time: 11:30AM, June 22

Topic: Secretarial Meeting with Georgian Minister of Health, David Sergeenko [Sayr-geh-YEN-ko]

Reason: Georgia has been interested in expanding its work on global health security issues, and the USG is hopeful that it will become more of a regional leader in this area. Georgia has been successfully implementing a Hepatitis C elimination program, with assistance from the (U.S.) CDC and Gilead Pharmaceuticals. Georgia has a very high prevalence of Hepatitis C, and this program could serve as a model for other countries considering a similar approach. An amended overarching Memorandum of Understanding between the CDC and GoG to include an annex on hepatitis is under review and may be able to be signed at this bilateral meeting. On health care delivery, Georgia is an interesting case study as it seeks to improve its delivery system. The Georgian minister would like to hear the U.S. perspective on how public and private mechanisms could be balanced to optimize the quality and cost-effectiveness of care, and the U.S. would be interested to hear how Georgia is addressing quality and coverage of care with limited resources and about innovations the private sector has brought to health care in Georgia. (Shortly after its independence, Georgia completely privatized its health care delivery system, which increased the quality of care for some of its population. A few years later, it sought to expand coverage through public funding. It now is sorting out a delivery system that is a mix of both public and private mechanisms.)

TEP's Role: The Georgian minister would like to hear Secretary Price discuss U.S. perspective on how public and private mechanisms could be balanced to optimize the quality and cost-effectiveness of care, and the U.S. would be interested to hear how Georgia is addressing quality and coverage of care with limited resources and about innovations the private sector has brought to health care in Georgia.

1. What is the location address?

Omni Shoreham Hotel
2500 Calvert St NW
Washington, DC 20008

2. What time would you like him to start? 11am

3. How long would you like him to speak? 12-15 minutes

4. What is the main topic you would like for the Secretary to address? Are there specifics item you would like for him to talk about? We would like for him to thank them for all they did to help pass the AHCA in the House and urge them to continue working to pass it in the Senate, get it through conference committee and both chambers, and get it to the President to sign. He can talk about how the Trump replacement will lower premiums, empower patients and patients, and provide greater choice for patients. We would also specifically like him to discuss the pro-life provisions in the House-passed bill, including defunding Planned Parenthood and the Hyde Amendment provisions, and reiterate both his and the Administration's pro-life position. Beyond that, he can talk about whatever he feels would be appropriate.

5. Would you like him to save time for Q&A with the audience? Q and A is something we work out with each individual speaker. I think we can ask people to submit questions and then have them read to him if he would like to do that. I personally think it would be a good idea. Let's say 2-or three questions after he finishes.

6. What is the approximate number of people you expect in attendance? We can fit our comments to fit the audience that you expect. There will be 1500 to 2000 people in attendance.

7. Where should he check-in when he arrives? Please have your team call/text Patrick Purtill when he arrives and he will meet him and escort him to the green room.

Patrick Purtill: Patrick@ffcoalition.com or (b)(6)

8. Is the organization inviting the press? The event is open press. We expect 300 to 400 journalists and reporters to be in attendance throughout the weekend. How many will be there when Secretary Price speaks I do not know, but Friday morning is a prime speaking slot so there will be a fairly large number of journalists in attendance.

9. Are there any other details and/or advice that you can offer? General advice: This is a very friendly audience. Secretary Price has spoken at Road to Majority before so he knows that. He should have a good time, be as familiar and colloquial with them as he can (avoid dry policy recitation if possible) and give them at least a handful of meaty applause lines with all appropriate discretion.

10. Who is the main point on contact? Joy Creasman, Joy@ffcoalition.com

11. What is the suggested attire? Business

TEP is giving brief remarks and Amanda will provide talkers. Then he will stay and take a few pictures.

Hey Jessica,

It's in the Cohen Auditorium, the final presentations by the workgroups for Reimagine HHS. There will be approximately 150 attendees, including all workgroup members, senior counselors, and other staff.

Hey Kris,

Yesterday I mentioned that it'd be great if Dr. Price could join us on Friday for a time to listen in on the presentations. We would like to provide an opportunity for him to address the group a little more informally than he did last Monday, and thank them for their work. If he's available, he could open up the morning or close out the session, or we're happy to work with whatever flexibility he has in his schedule and have him give a few remarks during one of the built in breaks during the morning.

Let me know what you think.

Thanks so much!
Amanda

Sunday morning session (June 25) runs from 10:15 AM until 11:45 AM. We generally have three one-on-one interviews during that time, each lasting about 30 minutes. No questions from the audience; just the interview. So the Secretary would have the stage to himself with his interviewer; he would not be on a panel with anyone else. If the Secretary would like to go first (at 10:15) so he can leave immediately, we can certainly do that.

Thanks --

Hi Jessica and Pattie,

Does the Secretary have 5-10 minutes available on his calendar tomorrow 5/26 or Tuesday 5/30 morning (before 11:00am) to make another surprise phone call to an I Am HHS candidate?

He did this a couple weeks ago for an ASPR employee.

This next employee is Mike Sauers (FDA). I'll follow up with additional details about him if we can schedule a call.

Thanks for your help!
Amanda

Importance: High

Event Name: TEP Briefing: FEMA Hurricane Season Preparedness Seminar and Exercise [Senior Officials Exercise (SOE) 17-3]

Location: 610-F: Secretary's Conference Room

Time: 1pm on 6/7

Topic: Emergency Preparedness 'table top exercise'

Reason: ASPR will prepare the Secretary for his participation in the Exercise. DHS Secretary Kelly, as the principal federal official for domestic incident management, invited the HHS Secretary to participate in a Federal Emergency Management Agency (FEMA) led Hurricane Season Preparedness seminar and exercise. DHS and FEMA have designed the seminar as a no fault, learning experience presented in a "table top exercise" format.

The exercise will be held on June 12, 2017 from 2:00pm to 3:30pm at FEMA's National Response Coordination Center (NRCC) in Washington, DC. The full list of invited 24 agencies includes: Defense, Commerce (NOAA), HHS, HUD, Transportation, Energy, Small Business Admin, Chairman of the Joint Chiefs of Staff, FEMA, NORTHCOM, National Guard Bureau, USACOE, Justice, USCG, EPA, GSA, OMB, Interior, Agriculture, Veterans affairs, American Red Cross, White House Chief of Staff, AP for National Security Affairs, and AP for Homeland Security and Counterterrorism.

Secretary's role: Preparation. HHS has responsibilities under Federal response doctrine and articulated further in the National Response Framework (NRF) during a declared disaster or other major emergency. It is important that the Secretary understands HHS's roles.

Agenda:

5 minutes: Introduction: Dr. George Korch, Acting ASPR

15 minutes: Exercise Scenario and HHS Secretary's Role: Edward Gabriel, Principal DASH, ASPR

10 minutes: Discussion

Event Title: Meeting with U.S. Ambassador to China Terry Branstad

Event Description:

Secretary Price would meet with newly confirmed Ambassador to China Terry Branstad to learn about Ambassador Branstad's interests in health, provide background on U.S. health engagement with China, and highlight ways he can support HHS priorities. Representatives from CDC, NIH, and FDA may also join the meeting.

Recommendation: (b)(5)

(b)(5)

Background:

Ambassador Branstad was confirmed on May 22 as the new U.S. Ambassador to China. His predecessor is former Senator Max Baucus. Prior to this, Ambassador Branstad had been the Governor of Iowa since 1982, the longest serving governor in U.S. history.

HHS takes opportunities to brief Ambassadors before they head to Post about on ongoing HHS health collaborations and to highlight how they can support HHS priorities in the coming years. Health is an important part of the broader U.S.-China relationship, and HHS has collaborated with China in health for nearly 40 years. Given the importance of this relationship, past HHS Secretaries have also met with past U.S. Ambassadors to China. In addition, Secretary Price may travel to China at the end of the summer.

HHS has a strong partnership with its counterparts in China, and has a team of almost 70 staff in-country representing OGA, CDC, NIH, and FDA. Collaborations address both policy and technical priorities in areas such as global health security, food safety, and biomedical research (e.g., cancer, antimicrobial resistance). You most recently met with China's health lead, Minister Li Bin, on the sidelines of the G-20 in Berlin.

U.S. Mission support will be critical for engaging Chinese leadership for health priorities such as global health security (e.g., H7N9, antimicrobial resistance), which reach across multiple Chinese government and USG organizations.

Shuen,

Upon reflection, it seems we should restructure the Sec-Amb meeting on Thursday. Let's have the Secretary take 10 minutes at the top of the meeting to briefly have a meet and greet with Amb. Branstad. At this time, he can mainly offer insight he gained from his bilateral with China in Berlin. Then the Secretary can hand it over to Garrett and the rest of the HHS team present to give an overview of HHS equities in China to Amb. Branstad. I'm not sure getting into the weeds is a wise use of the Secretary's time – we also haven't allocated sufficient time to brief the Secretary to ensure he has the comfort level with these issues he requires.

Can you work with Branstad's folks/HHS attendees so that they know the new plan? Let me know if you have any questions. Sorry about the last minute changes. We can still provide the briefing paper as planned to the Secretary tomorrow. Once this is confirmed with Branstad's folks, Jessica will alter the Secretary's calendar to reflect his lessened role and time commitment.

Remarks:

The Doctor-Patient Relationship

The doctor-patient relationship is the most sacred part of our entire healthcare system.

Under the current healthcare law, that relationship is being undermined. The Affordable Care Act has given Washington more power and authority over healthcare, leaving patients and providers with less freedom over medical decisions.

Whenever the federal government thinks it knows better than a patient and their doctor about what they need, quality of care is compromised.

We must work to restore the doctor-patient relationship to put patients, families, and doctors back in charge of healthcare decisions.

Our healthcare reform efforts will restore, protect and preserve the doctor-patient relationship — the trusting partnership that is fundamental to quality healthcare.

Our reform effort will ensure patients and physicians are the ones making medical decisions, not Washington, and provide relief to those being harmed by the current healthcare system.

How the President's Plan Protects the Doctor-Patient Relationship

Patients with Access to Healthcare Dollars.

Health Savings Accounts (HSAs), will add flexibility and increase contribution limits so that Americans can build savings for when healthcare needs arise.

Expanding Patient Choice to See the Doctor of Their Choice.

Every American should be able to choose the plan that fits their needs and allows them to see the doctor that they want. We will end the 'Washington knows best' mentality of picking winners and losers among patients. Instead, patients will have the freedom to choose the coverage that is right for them. That could be a comprehensive plan with a broad network, an HMO plan, or a catastrophic plan that allows the patient to shop around to get the best deal on routine medical expenses — it's up to you, not Washington, DC.

Encouraging Innovation to Protect Patients.

States will have the flexibility to innovate to ensure meaningful access to care for patients through a variety of options to drive down costs, improve access to coverage options, and provide further financial assistance to lower premiums, deductibles, and out-of-pocket costs.

Providing Patients with Meaningful Access to Care.

When a doctor recommends a procedure, but a patient has a \$6,000 or \$10,000 deductible, they may have "coverage," but they don't have care. They cannot afford the procedure that their doctor is recommending they have. This is a classic example of Washington inserting itself into the hospital examination room. We're working to let market forces lower the cost of care and bring down premiums and deductibles, so that patients not only have coverage, but meaningful access to the procedures they need and that their doctor recommends.

5. Q&A- yes but Kris had us decline this.
6. What is the approximate number of people you expect in attendance? We can fit our comments to fit the audience that you expect. 125-130 top health care executives and organizations across Tennessee in attendance
7. Where should he check-in when he arrives? We will work with the advance team on the best entrance - not sure we go in the front door - we will have Dr Manny welcome him when he arrives at decided location
8. Is the organization inviting the press? Press will be invited unless otherwise notified by your office
9. no further advice
10. Main point of contact - Bob Davis - (b)(5) press contact will be Chris Devaney - (b)(5) - Dr Manny - (b)(5)
11. Business attire

Jessica and Cecilia,

Thank you so much for taking the time to speak with Bob and me. Per our conversation, I have attached the RSVP list and our program with the agenda. We would like Secretary Price to speak on Tuesday June 6th from 2:10-2:40pm comprised of 15-20 minutes of presentation followed by a short Q&A session. We would also be glad to arrange a lunch with some healthcare leaders if he has time, but understand he will likely have other plans

Bob Davis will assist with any Advance questions and meet your team at the First Amendment Center on Thursday June 1st. His phone number is (b)(5) and his email is bdavis@rjdgroup.net.

Chris Devaney will handle all media and press related to the Secretary's attendance. His phone number (b)(5) and his email is (b)(5)@yahoo.com.

Our plan is to drop the media advisory Monday June 5th to announce Secretary Price's attendance if that meets your approval. We will send a draft of any media correspondence to you before release.

If there are any special requests from the Secretary's office, please let us know. My number is (b)(5) and I am available to help in any way. Thank you again for your time, and we look forward to having Secretary Price on June 6th.

My regards,

Manny

Good morning. Would ASL (and ASFR) be available and ready to do a short mtg with Dr. Price tomorrow re: hearings next week?

We are looking for you to go over his testimony, all the materials put together, latest intel, future briefings set up for preparation, future calls that'll be made, and cover any initial thoughts he may have.

Please let us know. Thanks.

Event Name: TEP Mtg. w/ Judge Davis

Location: 615-F

Time: 1pm on 7/11

Topic: discussion around funding for treatment, Medically assisted treatment and how Michigan can work with the opiate commission. Also like some dialogue on what the federal government is doing to get pain management removed as the fifth vital sign. These are all things she spoke to Sec. Price about and he indicated we would talk further about them.

Also wants an update on what Secretary Prices findings were as he toured and met with the states and the plan for moving forward and how I might be able to help.

Reason: TEP met her in Michigan at a roundtable/press conference and TEP indicated he would like to talk further with her after his travels to other states

Event Name: TEP Staff Briefing: FEMA Hurricane Season Preparedness Seminar and Exercise [Senior Officials Exercise (SOE) 17-3]

Location: 610-F: Secretary's Conference Room

Topic: Emergency Preparedness 'table top exercise'

Reason: ASPR will prepare the Secretary for his participation in the Exercise. DHS Secretary Kelly, as the principal federal official for domestic incident management, invited the HHS Secretary to participate in a Federal Emergency Management Agency (FEMA) led Hurricane Season Preparedness seminar and exercise. DHS and FEMA have designed the seminar as a no fault, learning experience presented in a "table top exercise" format.

The exercise will be held on June 12, 2017 from 2:00pm to 3:30pm at FEMA's National Response Coordination Center (NRCC) in Washington, DC. The full list of invited 24 agencies includes: Defense, Commerce (NOAA), HHS, HUD, Transportation, Energy, Small Business Admin, Chairman of the Joint Chiefs of Staff, FEMA, NORTHCOM, National Guard Bureau, USACOE, Justice, USCG, EPA, GSA, OMB, Interior, Agriculture, Veterans affairs, American Red Cross, White House Chief of Staff, AP for National Security Affairs, and AP for Homeland Security and Counterterrorism.

Secretary's role: Preparation. HHS has responsibilities under Federal response doctrine and articulated further in the National Response Framework (NRF) during a declared disaster or other major emergency. It is important that the Secretary understands HHS's roles.

Agenda:

5 minutes: Introduction - Dr. George Korch, Acting ASPR
15 minutes: Exercise Scenario and HHS Secretary's Role - Edward Gabriel, ASPR
5 minutes: HHS Staff to Accompany the Secretary- Edward Gabriel, ASPR
5 minutes: Discussion

DHS Secretary Kelly, as the principal federal official for domestic incident management, invited the HHS Secretary to participate in a Federal Emergency Management Agency (FEMA) led Hurricane Season Preparedness seminar and exercise. DHS and FEMA have designed the seminar as a no fault, learning experience presented in a "table top exercise" format.

The exercise will be held on June 12, 2017 from 2:00pm to 3:30pm at FEMA's National Response Coordination Center (NRCC) in Washington, DC. The full list of invited 24 agencies includes: Defense, Commerce (NOAA), HHS, HUD, Transportation, Energy, Small Business Admin, Chairman of the Joint Chiefs of Staff, FEMA, NORTHCOM, National Guard Bureau, USACOE, Justice, USCG, EPA, GSA, OMB, Interior, Agriculture, Veterans affairs, American Red Cross, White House Chief of Staff, AP for National Security Affairs, and AP for Homeland Security and Counterterrorism.

Secretary's role: Preparation. HHS has responsibilities under Federal response doctrine and articulated further in the National Response Framework (NRF) during a declared disaster or other major emergency. It is important that the Secretary understands HHS's roles.

Agenda:

Please use the following link to watch David's I Am HHS video: <https://www.youtube.com/watch?v=vQapJEvGcAw>

*ASPA plans to launch David's video tomorrow, Tuesday 6/13 in the afternoon via social media and an email from you to staff.

David's Personal Bio:

David Rice, Management Analyst, National Institute on Deafness and Other Communication Disorders, NIH

As a management analyst at the National Institute on Deafness and Other Communication Disorders (NIDCD), one of the

smaller components at the National Institutes of Health, I have the awesome privilege to work with many different areas within the institute. My work involves emergency management, project officer, risk management, records management, project audits, tier designations and policy development. I am a huge advocate for the Deaf community. I serve as the president of Deaf in Government, where we empower Deaf and hard-of-hearing federal employees to overcome communication barriers, resolve accessibility issues, and promote a fully inclusive work environment through networking and fostering professional growth. Some of the accomplishments are initiating a workforce complaint program, developing a training program that fosters promotion in the federal government, establishing partnerships with different organizations, and creating networking and mentoring opportunities. Not only am I a huge advocate for the Deaf community, but I am also an advocate for the general disability community.

One of my proudest moments at NIH has been amending the NIH mission statement to make the disability community at NIH feel more inclusive and welcomed. I also accepted a 90-day detail at the Office of Equity, Diversity and Inclusion as the disability strategist. During this time, I coordinated the National Disability Employment Awareness Month, in which we had several events and speakers across NIH throughout the month of October. During my short time there, I also reviewed and recommended policy changes that will enable NIH to be a fully inclusive and diverse workforce for people with disabilities. I also designed the NIH Disability website: <https://www.edi.nih.gov/people/sep/pwd/awareness>. Finally, I also sit as the chairperson of the NIH Disability Engagement Committee, where we give disability related recommendations to NIH leaders.

When I am not working, or being an advocate, I love baseball; I served as the head baseball coach for Model Secondary School for the Deaf for 8 years. Working at NIH has been a real honor, and it allows me to make a direct impact to the American public. I could not imagine working anywhere else but NIH.

Event Name: Bilateral meeting with Ukraine's Acting Minister of Health, Dr. Ulana Suprun

Location: HHH, Room TBD

Time:
5:15p on 6/16

Topic: This meeting would reaffirm the overarching U.S.-Ukraine positive bilateral relationship and our interest in Ukraine's health security.

Reason: Ukraine is an important geopolitical partner for the United States. Ukraine has been more willing than most of its former-Soviet neighbors to work with the United States on global health security, including by joining GHSA and undergoing an external GHSA evaluation. Ukraine is grappling domestically with control of infectious diseases, including a high prevalence of TB and HIV, and periodic outbreaks including flu and measles. Ukraine currently is in the process of reforming its health care system and its public health infrastructure, by setting up new agencies, trying to root out corruption, and bringing the system closer to Western standards. Acting Minister of Health Suprun is a former Ukrainian-American radiologist originally from Detroit, who assisted the wounded during the 2014 Euromaidan Revolution and recently was granted Ukrainian citizenship. The meeting with Secretary Price would serve as an opportunity to express U.S. geopolitical support for Ukraine and to encourage them to stay focused on their efforts on health security, including through continued engagement with GHSA and its mechanisms for improving country capacity for preparedness and response.

TEP's Role: Engage in discussion with Acting Minister of Health Suprun

Lead: Garrett Grigsby

Event POC: Name, Cell and email: Alison Schaeffer, Alison.schaeffer@hhs.gov; (b)(6)

Topic:
Healthcare Reform and Opportunities

Reason:

The purpose of this meeting is to:

- (1) introduce the current leadership of Grady. Frank Blake assumed the duties of Chairman from Pete Correll in late 2016 and would like to establish a relationship with the Secretary.
- (2) discuss potential ways to protect the nation's large, urban safety net hospitals like Grady in the repeal and replace process both within any legislation and actions by HHS
- (3) share work Grady has done on a potential Medicaid waiver and opportunities to transform how healthcare is delivered to the uninsured in Georgia

Topic:
Healthcare Reform and Opportunities

Reason:

The purpose of this meeting is to:

- (1) introduce the current leadership of Grady. Frank Blake assumed the duties of Chairman from Pete Correll in late 2016 and would like to establish a relationship with the Secretary.
- (2) discuss potential ways to protect the nation's large, urban safety net hospitals like Grady in the repeal and replace process both within any legislation and actions by HHS
- (3) share work Grady has done on a potential Medicaid waiver and opportunities to transform how healthcare is delivered to the uninsured in Georgia

Event/Mtg POC: Name, Cell and email:

Matthew Hicks

Required Attendees: Harrison, Jessica (OS/IOS); Lagomarsino, Katie (OS/IOS); Skrzycki, Kristin (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Robinson, Wilma (HHS/IOS); Bush, Laina (HHS/ASPE); Potter, Sarah (HHS/ASPE); Shipley, Samuel (HHS/IOS); Graham, John (HHS/ASPE); Leggitt, Lance (HHS/IOS); Agnew, Ann (HHS/IOS); Stannard, Paula (HHS/IOS); Schaefer, Nina (HHS/IOS); Lenihan, Keagan (HHS/IOS)

Event Name: Internal Briefing on the HHS Strategic Plan FY 2018 – 2022 Draft Strategic Goals and Objectives

Date: Friday, June 23, 2017

Location: TBD

Time: Approximately 30-45 minutes; timing is flexible

Reason: HHS is required by the Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010, and OMB Circular A-11 to produce a quadrennial strategic plan. The first deliverable, a draft set of goals and objectives, is due to OMB on June 30, 2017, in addition to the Agency Reform Plan, Plan to Maximize Employee Performance, and Workforce Reduction Plan, required by OMB Memorandum M-17-22.

Secretary's Role: ASPE is responsible for coordinating the development of the HHS Strategic Plan. ASPE will review the HHS Strategic Plan FY 2018 – 2022 Draft Strategic Goals and Objectives with the Secretary and request that he approve the document. We can answer questions about the requirement to develop the HHS Strategic Plan, and how HHS approaches this task.

Briefing Participants: Secretary Price, Lance Leggitt, Kris Skrzycki, Ann Agnew, Paula Stannard, Nina Schaefer, Keagan Lenihan, John Graham

HHS Staff: Wilma Robinson, Laina Bush, Sarah Potter, Sam Shipley

Lead: John R. Graham, Acting Assistant Secretary for Planning and Evaluation

Briefing Materials:

Briefing materials will be sent the business day ahead of the meeting. The HHS Strategic Plan FY 2018 – 2022 Draft Strategic Goals and Objectives will be submitted in the format of the OMB-required template.

Notes:

The Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010 (GPRMA), OMB Circular A-11 and OMB Memorandum M-17-22 define the process, structure, and timeline for developing Strategic Plans.

- **Time Frame.** Strategic Plans align with presidential terms of office, must be published one year following the beginning of the term, and must cover a four-year period.
 - **Plan Coordination.** ASPE is responsible for coordinating the development of the HHS Strategic Plan; ASPE works closely with ASFR and has assembled an interagency workgroup of OpDiv and StaffDiv liaisons to develop the Strategic Plan.
 - **Public and Congressional Consultation.** Federal departments are required to consult with the public and the Congress on the development of their Strategic Plan. ASPE works closely with IEA and ASPA on general public consultation efforts; ASPE collaborates with individual OpDivs and StaffDivs on engaging their specific stakeholders. ASPE works closely with ASL on consultation with the Congress. Consultation for the HHS Strategic Plan is planned for the fall, following the September submission to OMB.
 - **Annual Assessment.** GPRMA and OMB Circular A-11 direct the Department to assess progress on the Strategic Plan annually through a process called Strategic Reviews. Performance goals in the Strategic Plan are tracked and reported annually.
 - **How The Plan Is Used.** The Strategic Plan is an anchor document; the Plan's goals and objectives are used to frame other required documents, such as the Agency Reform Plan (Reimagine HHS), Annual Performance Plan and Report, budget justifications, Summary of Performance and Financial Information, Agency Financial Report, and employee performance plans.
- OMB has established the following deadlines related to the preparation of Strategic Plans.
- **June 30, 2017:** Draft Strategic Goals and Objectives.
 - **September 2017:** Initial Draft of Strategic Plan, including specific strategies and performance goals.
 - **December 22, 2017:** Full Draft of Strategic Plan, with all elements required by GPRMA and OMB Circular A-11.
 - **February 2018:** Final Strategic Plan posted on HHS.gov.

Jessica,

My boss has asked that I reach out to set up a call with Dr. Price regarding an IG report. He wants to discuss its implications and how to proceed. Does Dr. Price have any time tomorrow to do a call?

So sorry for the lateness of my request. It has been that kind of day.

Thanks so much!

Reason: On April 12, 2017, the Office of Management and Budget issued Memorandum M-17-22, Comprehensive Plan for Reforming the Federal Government and Reducing the Federal Civilian Workforce. This Memorandum called for each agency to initiate three actions, one of which was the submission of a "plan to maximize employee development by June 30, 2017". ASA will brief the Secretary on the HHS Maximizing Employee Performance Plan and Tracker.

Secretary's Role: Approve the issuance of the Plan and Tracker to OMB.

Agenda:

Introduction – John Bardis (ASA)

HHS Maximizing Employee Performance – Chris Major (ASA)

Event Name: Internal Briefing on the HHS Strategic Plan FY 2018 – 2022 Draft Strategic Goals and Objectives

Date: 6/28 at 2:30pm

Location: 610-F

Time: 30 minutes

Reason: HHS is required by the Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010, and OMB Circular A-11 to produce a quadrennial strategic plan. The first deliverable, a draft set of goals and objectives, is due to OMB on June 30, 2017, in addition to the Agency Reform Plan, Plan to Maximize Employee Performance, and Workforce Reduction Plan, required by OMB Memorandum M-17-22.

Secretary's Role: ASPE is responsible for coordinating the development of the HHS Strategic Plan. ASPE will review the HHS Strategic Plan FY 2018 – 2022 Draft Strategic Goals and Objectives with the Secretary and request that he approve the document. We can answer questions about the requirement to develop the HHS Strategic Plan, and how HHS approaches this task.

Briefing Participants: Secretary Price, Lance Leggitt, Kris Skrzycki, Ann Agnew, Paula Stannard, Nina Schaefer, Keagan Lenihan, John Graham

Briefing Materials:

Briefing materials will be sent the business day ahead of the meeting. The HHS Strategic Plan FY 2018 – 2022 Draft Strategic Goals and Objectives will be submitted in the format of the OMB-required template.

Notes:

The Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010 (GPRMA), OMB Circular A-11 and OMB Memorandum M-17-22 define the process, structure, and timeline for developing Strategic Plans.

- **Time Frame.** Strategic Plans align with presidential terms of office, must be published one year following the beginning of the term, and must cover a four-year period.
 - **Plan Coordination.** ASPE is responsible for coordinating the development of the HHS Strategic Plan; ASPE works closely with ASFR and has assembled an interagency workgroup of OpDiv and StaffDiv liaisons to develop the Strategic Plan.
 - **Public and Congressional Consultation.** Federal departments are required to consult with the public and the Congress on the development of their Strategic Plan. ASPE works closely with IEA and ASPA on general public consultation efforts; ASPE collaborates with individual OpDivs and StaffDivs on engaging their specific stakeholders. ASPE works closely with ASL on consultation with the Congress. Consultation for the HHS Strategic Plan is planned for the fall, following the September submission to OMB.
 - **Annual Assessment.** GPRMA and OMB Circular A-11 direct the Department to assess progress on the Strategic Plan annually through a process called Strategic Reviews. Performance goals in the Strategic Plan are tracked and reported annually.
 - **How The Plan Is Used.** The Strategic Plan is an anchor document; the Plan's goals and objectives are used to frame other required documents, such as the Agency Reform Plan (Reimagine HHS), Annual Performance Plan and Report, budget justifications, Summary of Performance and Financial Information, Agency Financial Report, and employee performance plans.
- OMB has established the following deadlines related to the preparation of Strategic Plans.
- **June 30, 2017:** Draft Strategic Goals and Objectives.
 - **September 2017:** Initial Draft of Strategic Plan, including specific strategies and performance goals.
 - **December 22, 2017:** Full Draft of Strategic Plan, with all elements required by GPRMA and OMB Circular A-11.
 - **February 2018:** Final Strategic Plan posted on HHS.gov.

Importance: High

TEP's Role: TEP just dropping by and saying hello.

Greetings Lance:

I attempted to Rafael Moreno, however he is out of the office until next week. I thought that I would send you an email regarding our request in hope that you can assist us. Chairman and CEO Tan Sri Lim Kok Thay of The Genting Group is arriving in the US from Malaysia on Sunday and will be in the US through Thursday, but in DC on Monday and Tuesday.

Genting is a multi-billion dollar corporation, employs 58,000 individuals the majority of which are based in the United States.

The Chairman would like the opportunity to personally inform Secretary Price of the jobs that he is bringing to the US and the benefits to the Department of Health and Human Services. The proposed duration of his visit with the Secretary is less than five minutes or whatever the Secretary's time will permit.

The Chairman and the Secretary have briefly met in the past.

You can reach me, Willard Lewis, today at (b)(6) regarding confirmation of a brief meet and greet. I will follow up with a phone call to you in the morning.

The Chairman would be excited to have the opportunity to have a brief audience with the Secretary and share the great news.

Awaiting your reply,

Willard Lewis

Updates to the attached memo

Dave MacIntosh with Club came out against the bill yesterday. They did not say they would key vote against. They want 3 things

The Senate bill can be cured, and the Club for Growth will not oppose the bill's passage if a few important changes are made.

- First, the Senate should adopt language that will allow an insurer that sells a fully compliant plan the ability to also sell any plan that a consumer would like to purchase. Alternatively, the legislation should allow the states to opt-out of all Title I regulations.
- Second, in order to equalize the tax treatment with employer-sponsored plans, individuals should be allowed to pay for insurance premiums with their Health Savings Accounts (HSAs).
- Third, all of the Obamacare taxes must be repealed.

Goal: Don't key vote against.

Tim Phillips AFP .

Intel from Grover meeting is that there is internal debate within AFP on what position to take. This is a group that has a fairly big grass roots activist network.

Goals Townhalls – Don't send grassroots to town halls with any negative messages – Soros backed liberals will be there, we don't need to pile on.

Give Leader McConnell time to work with Cruz, Lee, Paul, and others.

Case No. 2018-00195-FOIA-OS

American Oversight v. HHS, Civil No. 18-0534 (D.D.C.)

July 23, 2019

Mr. Austin R Evers
Executive Director
American Oversight
1030 15th Street, N.W., Suite B255
Washington, DC 20005

Dear Mr. Evers:

This letter is the fifth interim response to your above-referenced Freedom of Information Act (FOIA) requests submitted to the U.S. Department of Health and Human Services (HHS). Specifically, you requested the following records: “all calendar entries for anyone serving or acting as the Secretary, Deputy Secretary, Chief of Staff or Deputy Chief of Staff from January 20, 2017, through the date of the search. We believe this would include the following individuals:

- Former Secretary Tom Price;
- Secretary Alex Azar;
- Eric Hargan (both in his capacity as Acting Secretary and as Deputy Secretary);
- Anyone who has acted or served as Chief of Staff since January 20, 2017;
- Anyone who has acted or served as Deputy Chief of Staff since January 20, 2017.

Please note we are also looking for any calendars kept for the Secretary and Deputy Secretary’s Conference Rooms, and Rooms 610F and 607G since January 20, 2017.”

The Department processed 1500 pages of potentially responsive records captured in the agency’s search for FOIA request 2018-00195-FOIA-OS. After a careful review of these pages, I have determined to release 87 pages to you in their entirety, and I am further releasing 1229 pages in part, with portions redacted, pursuant to Exemptions (b)(5) and (b)(6) of the FOIA (5 U.S.C. §552 (b)(5) and (b)(6). Furthermore, I have determined that 172 pages should be sent for consultation to other agencies and returned to this Department for final disposition. Finally, I determined that 12 pages were determined to be non-responsive and duplicative to your request.

FOIA exemption (b)(5) protects inter-agency or intra-agency memoranda or letters which would not be available by law to a party other than an agency in litigation with the agency. This exemption protects documents that would be covered by any privilege an agency could assert in a civil proceeding. These privileges include, among others, the deliberative process privilege, the attorney-client privilege, and the attorney work-product privilege.

FOIA exemption (b)(6) permits a Federal agency to withhold information and records about individuals in “personnel and medical files and similar files, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” The definition of “similar files” has historically been broadly interpreted to include a wide variety of files, and the United States Supreme Court has held that Congress intended the term “similar files” to be interpreted broadly, rather than narrowly. I have analyzed these records and find they meet the threshold requirement of this exemption. Additionally, I have reviewed and weighed the public interest in disclosure of this information against the privacy interest in nondisclosure, and found that the privacy interest outweighs the public’s interest in disclosure.

We will continue to review the remaining records as efficiently and expeditiously as possible, consistent with our available resources and the Order of the Court. Should you have questions or concerns regarding the Department’s response and/or the processing of your request, any such issues should be communicated to your legal counsel and Department of Justice Attorney representing the Department in this matter.

Sincerely yours,

Brandon J. Gaylord
Supervisory Government Information Specialist
and HHS FOIA/PA Public Liaison

Employee: Guillermo Avilés-Mendoza (ASPR), J.D., LL.M., Commander, U.S. Public Health Service Commissioned Corps, International Program Coordinator, Office of Emergency Management, ASPR

Phone Number: Cell Phone: (b)(6)

*Call at 12:30pm, Thursday 6/29

Brief Background on Guillermo:

- Was part of the [HHS Emerging Leaders Program](#), I did rotations throughout the Department (worked at CDC).
- In 2008, he joined the [U.S. Public Health Service Commissioned Corps](#).
- In 2009, Guillermo joined the Office of the Assistant Secretary for Preparedness and Response (ASPR) on the fight against H1N1 pandemic influenza.
- He was sent to Mexico to arrange for the arrival of U.S. flu vaccine donations and work with the Mexican government to enhance pandemic influenza surveillance.

Excerpt from his *I Am HHS* blog:

“At ASPR, what I find striking are the differences in health conditions in countries around the world. One of the hardest lessons for me to learn was that in international health, understanding the different capacities of each country – whether it’s dealing with Ebola in West Africa or Zika in Puerto Rico – one size won’t fit all. But with commitment and cultural understanding, we can be successful.

“Perhaps influenced by my personal experience with asthma, I believe it’s also important that we understand and work to reduce health disparities here in the United States. And that can be helped by improving diversity throughout HHS. I want to help Hispanics find rewarding careers here. Only about 3 percent of HHS employees are Hispanic, so I’m working hard to improve that, through the efforts of the [HHS Hispanic Employee Organization](#) , the [Hispanic Officer Advisory Committee](#), and the [Minority Officers Liaison Council](#) of the U.S. Public Health Service.”

#IAmHHS: Fighting Infectious Diseases Here and Abroad

By Michelle L. Holshue, RN
Lieutenant, U.S. Public Health Service Commissioned Corps
National Institutes of Health Clinical Center

[PLACEHOLDER: Embed Michelle's #IAmHHS video]

[PLACEHOLDER: Embed image of Michelle somewhere in the blog]

I grew up in small-town Pennsylvania, and I couldn't wait to spread my wings.

While getting my nursing and international health degrees at the University of Pennsylvania, I took opportunities to study and work abroad -- in Mexico, New Zealand, Botswana and India. I learned how precious good health is everywhere, and how diseases don't pay attention to borders. What happens on the other side of the world, like Ebola or Zika, can be at our doorstep in a moment. That's why I'm interested in fighting infectious disease.

Back here in the States, I worked as a home visit nurse in Philadelphia, but it was my longtime dream to work at the National Institutes of Health. I was thrilled when I was offered a position at an infectious disease clinic at the NIH Clinical Center in Bethesda, Maryland. In the same year, I also became an officer in the U.S. Public Health Service Commissioned Corps. Serving in uniform is a long family tradition, dating back to the American Revolutionary War, and I'm proud to continue it.

Several years ago, when Ebola broke out in West Africa, and Public Health Service teams were forming, I jumped at the chance to go to West Africa. I was chosen to be part of the first team to set up an Ebola Treatment Unit in Monrovia, Liberia. We took care of health care workers who were exposed while caring for Liberians who had contacted Ebola. I believe those health care workers were the true heroes of the Ebola epidemic. I still remember the Liberian obstetrician who helped a poor mother give birth. He became infected and he suffered terribly—just for helping a woman have a baby. Working in Liberia was an honor and an experience I will never forget.

At the NIH Clinical Center, we are working to find treatments and vaccines against Ebola, HIV, malaria and other diseases. There's so much meaningful work to do at NIH, it's always exciting. We never know what might be the next Ebola, the next HIV. With the right care, we can treat people and prevent diseases from spreading. We can help families, communities and whole societies.

I'm Michelle Holshue. I'm a nurse, an NIH researcher, and a global public health responder. And I am HHS.

Michelle is one of more than 79,000 people who make HHS run every day. You can share her story and see others on Twitter and Facebook using #IAmHHS.

What: In-Person On-Camera Interview w/ Sinclair Broadcast Group

Interviewer: Sinclair National Correspondent Michelle Macaluso

When: Wednesday 7/12 @ 10:00am (10 minutes)

Where: HHS Studio

Topic: Healthcare reform:

- The likelihood of getting a bill passed
- The Administration's challenges with building a coalition of support in the GOP
- What the major stumbling blocks seem to be – (for example opioid/Ohio support) – and if those stumbling blocks can be overcome?

Good afternoon everyone,

On Tuesday, July 25th from 7:30am-9:00am, Secretary Perdue would like to bring the Task Force Principals together for breakfast. Your surrogates/workgroup participants should be ready soon to prepare the Principals for this breakfast. I'm attaching the full list of workgroup participants in case it helps to know who from your agency should be reporting back. Please respond at your earliest convenience with the following:

1. RSVP
2. Parking needs
3. Dietary Restrictions

If you have any questions, please do not hesitate to reach out. Thank you!

Jessica

I spoke with Sec. Price recently and asked him if I could meet him in Washington to discuss Graduate Medical Education and residency slots and programs especially as they relate to Georgia.

As of now I plan to be alone.

My contact info is below and my cell phone

(b)(6) is the best way to contact me.

Please let me know if you need anything more.

Thanks again for your help and have a good weekend.

To Secretary Tom
Price 6.6.17....

Actually, we are not looking for a speech and you needn't prepare one. With 14 state human services secretaries in the meeting who represent the HHS delivery system, it is an opportunity for a two way conversation about what SIG members are doing in their states about his three highest priorities -- serious mental illness, childhood obesity and opioid addiction. We will also describe our SIG priorities for TANF and child welfare.

1. What is the setup of the event? (Will there be a stage, podium, how will audience be seated, etc)
The participants will be seated in a U-shape conference room style. There will be a podium and room for a panel in the front of the room.
2. How many attendees are expected?
There will be 10 Federal and 14 non-Federal members. Some Federal members will have designees. There will also be speakers and other Federal and logistical staff, so approximately 45-50 attendees.
3. Open or closed press?
The meeting will be webcast live and open for public comment. No individuals from the public will be there in person, including press. There will be an official HHS photographer. A press release will be issued prior to the event.
4. A general run of show for the event.
Each Federal member will receive a briefing package prior to the meeting with an agenda and background information. We plan to send the briefing packages on August 14, 2017.

VISUAL SCENE:

[1] Two lifeboats in the water. The first is named "Medicaid" and is packed with people, listing and about to sink. The second lifeboat called "Personal Coverage," has only one person in it manning the one of the two oars, and is rowing in circles. (Medicaid has too many of the wrong people and individual market has not enough of the right people).

[2] The two lifeboats meet up side-by-side. The Personal Coverage boat places its oar onto the bulwark of the Medicaid boat. Passengers start leaving "Medicaid," (choice) walking across the oar and onto "Personal Coverage." "Medicaid" starts to stabilize and float on a more even keel (preserving the safety net). "Personal Coverage" is now rowing straight with more people to man the oars.

VO SCRIPT:

[1] Obamacare has failed the American people.

Most folks who aren't retired, on Medicare, or get insurance from their jobs, either buy personal coverage or sign up for Medicaid.

Medicaid was created to be a safety-net for our most vulnerable – the elderly, disabled, children, and low-income mothers.

This is an important program. Obamacare has weakened it by cramming in 14 million new people who would be better off with personal coverage.

This is crowding out those who need Medicaid most, and causing healthcare costs to skyrocket for everyone else;

[2] Obamacare is jeopardizing Medicaid and increasing the cost of personal coverage;

BETTER CARE will strengthen Medicaid and create more options for individuals and families;

It offers flexibility - lowering costs and expanding choices;

BETTER CARE will give Americans a helping hand – moving away from government-run healthcare - and onto more personalized plans that better meet their needs;

Right now, the marketplace for purchasing coverage is collapsing. Insurers are abandoning Obamacare, and Medicaid is on an unsustainable path. It can't stay afloat as is.

BETTER CARE strengthens both of these, delivering better care for all of us – so nobody falls out of the boat.

Please find the attached *I Am HHS* memo to include a draft video, blog, and email to HHS staff for our next proposed feature on Tuesday, July 25: [Deb Cotter \(ACF\)](#), Independent Living Program Specialist, Independent Living Administration.

Deb administers grants in eight states to state and local governments and nonprofit organization to help provide information and supports to help people with disabilities live fully integrated and independently in their communities. Her work helping others has special resonance: As a 24-year-old in 1992, she had a stroke, which among other things, partially paralyzed her left side. Rather than giving up on an independent life, Deb transformed herself and went to work helping others with disabilities.

I spoke with the RGA Policy Director, Brian Sanderson, about this call this morning.

- Walker initiated the call
- It is informational for the Govs, not to try and get everyone to get on board with the Graham/Cassidy amendment.
- He thought the value add for Price is to talk about state flexibility.
- Of course, as Arbes notes, our emphasis is to push the MTP to get to flexibility.

4:45 Preconference Call with Walker, Cassidy, Santorum, Cassidy and Price – Dr Price is to call in at 4:45 so that for the 15 minutes before the start of the call, the speakers can chat.

"Speakers will dial in to the conference at **1-800-853-5481** approximately 10-15 minutes prior to start of conference. At that time, speakers will be placed in a sub-conference where the lead operator will greet them and discuss details of the conference."

If anyone wants to listen to this at HHS from their desk rather than in the Secretary's office, they can only dial in if they are on an approved list.

Please let me know if you will not be in the Secretary's office but want to listen in.

Laura

Subject: TEP Speaking at July Meeting of the Advisory Council on Alzheimer's Research, Care, and Services

Location: Room 800; HHH

Start: Fri 7/28/2017 9:00 AM

End: Fri 7/28/2017 9:15 AM

Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Secretary Scheduler (OS/IOS)

Required Attendees: Harrison, Jessica (OS/IOS); Lagomarsino, Katie (OS/IOS); Skrzycki, Kristin (HHS/IOS); Tignor, Beth (HHS/IOS); [\(b\)\(6\)](#) (OS/IOS); Twomey, John K. (OS/IOS); Brennan, Patrick (OS/ASPA); Grinney, Matthew (OS/ASPA)

Event Name: July Meeting of the Advisory Council on Alzheimer's Research, Care, and Services

Date: Friday, July 28, 2017

Location: Room 800

Time: 9:00 a.m. (for approximately 15 minutes; timing is flexible; if Secretary Price is able to attend at any time between 9:00 a.m. and 3:30 p.m., ASPE will revise the agenda around his availability.)

Reason:

The members of the Advisory Council would welcome the Secretary's presence and recognition of their work. This will be the last meeting for six members of the Council who are completing their terms. A number of the retiring members have been members of the Council since its inception, and it would be very meaningful to them to have the Secretary's presence and acknowledgement of their time and efforts.

Secretary's Role:

The Advisory Council on Alzheimer's Research, Care, and Services was created to advise the Secretary of Health and Human Services on how to treat and cure Alzheimer's disease and related dementias, and annually provides the Secretary with recommendations and a National Plan on the status of the government's progress on finding a cure and treating the disease.

Participants:

Secretary Price, Non-federal (i.e., external) and federal members of the Advisory Council

Non-federal Members of the Advisory Council:

Ronald Petersen, Chair

Gary Epstein-Lubow

Laura Gitlin

Harry M. Johns

Myriam Marquez

Helen M. Matheny
Jennifer Mead
Angela Taylor
Sowande Tichawonna
Donna Walberg
Geraldine Woolfolk

Federal Members of the Advisory Council:

Bruce Finke, Indian Health Service
Richard Hodes, National Institutes of Health
Ruth Katz, Assistant Secretary for Planning and Evaluation
Shari Ling, Centers for Medicare and Medicaid Services
Erin Long, Administration for Community Living
Lisa C. McGuire, Centers for Disease Control and Prevention
William Spector, Agency for Healthcare Research and Quality
Joan Weiss, Health Resources and Services Administration
Anthony Pacifico, Department of Defense
Deborah Olster, National Science Foundation
Richard M. Allman, Department of Veterans Affairs

Lead:

John R. Graham, Acting Assistant Secretary for Planning and Evaluation, Office of the Assistant Secretary for Planning and Evaluation

Event POC:

Rohini Khillan, Public Health Analyst, (b)(6), rohini.khillan@hhs.gov

Attendees:

Approximately 60 members of the public, including persons living with dementia, their caregivers, and representatives of a number of dementia advocacy organizations

HHS Attendees:

HHS staff from a number of HHS OPDivs and Staff Divs

Remarks:

- Importance to the Administration of finding a cure and successful treatment of dementia for those living with the disease and their caregivers
- Importance of the work the Advisory Council has done over the past 6 years
 - o Breadth of the work spanning everything from clinical research into a cure, to finding the best ways to serve and care for people living with dementia and their families
- Recognition of non-federal members completing their terms on the Council, including the Chair.

Briefing Materials:

Will be sent the business day ahead of the meeting.

Notes:

The National Alzheimer's Project Act, Public Law 111-375 (42 U.S.C. 11225), required the Secretary of Health and Human Services to establish an Advisory Council on Alzheimer's Research, Care, and Services. The Advisory Council was formally established in 2011 and advises the Secretary on how to prevent or reduce the burden of Alzheimer's disease and related dementias on people with these conditions and their caregivers. It meets quarterly to discuss programs that impact people with Alzheimer's disease and related dementias and their caregivers. The non-federal members of the Advisory Council make yearly recommendations about ways to reduce the financial impact of Alzheimer's disease and related dementias and to improve the health outcomes of people with these conditions. The Advisory Council provides feedback on a National Plan for Alzheimer's disease. The Advisory Council evaluates the implementation of the recommendations through an annually updated national plan, released in late summer.

"I feel so Blessed to have experienced 38 years of federal service. Most of my years of service have been with the U.S. Department of Health and Human Services, as a Management Analyst. My roles within HHS have been with the (Family Support Administration, Office on Child Support, Foster Care Bureau, and the Administration on Developmental Disabilities with ACF, and now the Administration on Intellectual and Developmental Disabilities at ACL). I feel privileged to have taken the journey. I've experienced being homeless and lived in an orphanage and foster care home. Having experienced needing supports, equipped me to serve and have a heart for families in need. My task within HHS was meant to be. I have worked with a lot of dedicated individuals. Saying goodbye is not really goodbye. Our communities still need supports for families in need and I will continue to serve as an advocate."

Subject: TEP Mtg. w/China Food and Drug Administration Minister Bi Jingquan
Location: TBD

Start: Thu 9/7/2017 1:00 PM
End: Thu 9/7/2017 1:30 PM
Show Time As: Tentative

Recurrence: (none)

Meeting Status: Not yet responded

Organizer: Secretary Scheduler (OS/IOS)
Required Attendees: Harrison, Jessica (OS/IOS); Lagomarsino, Katie (OS/IOS); Skrzycki, Kristin (HHS/IOS); Tignor, Beth (HHS/IOS); (b)(6) (OS/IOS); Twomey, John K. (OS/IOS); Grigsby, Garrett (HHS/OS/OGA); Zebley, Kyle (HHS/IOS); Schaeffer, Alison (HHS/OS/OGA) (CTR); Elvander, Erika (OS/OGA)

Background: OGA/FDA is requesting that you sign a letter inviting Minister Bi and other members of his delegation to the United States in September to meet with you at the Humphrey Building, and also meet with the U.S. Food and Drug Administration (FDA) in Silver Spring to discuss FDA-CFDA collaboration on the safety of foods and medical products. You are being asked to send this invitation because Minister Bi is cabinet-level in China, so the State Council requires a Secretary-level invitation to approve travel for his visit.

Event Name: Meeting with China Food and Drug Administration Minister Bi Jingquan
Location: Humphrey Building, Room TBD

Time: September 7th, anytime

Topic: U.S.-China collaboration on safety of food and medical products.

TEP's Role: You will discuss your visit to Beijing and the importance of U.S.-China collaboration on safety of food and medical products.

Reason: To discuss U.S.-China collaboration on safety of food and medical products, as well as to discuss your upcoming visit to Beijing. The Minister will also meet the U.S. Food and Drug Administration (FDA) in Silver Spring to discuss FDA-CFDA collaboration on the safety of foods and medical products. These meetings are a continuation of regular discussions about collaboration between HHS and FDA and the CFDA on the safety of foods and medical products.

Lead: Garrett Grigsby, Director for Global Affairs

Hello Tom!

Every year Athena hosts a conference at Point Lookout Resort in Maine called More Disruption Please, where we assemble CEOs of over 100 startups, plus investors (VCs), and providers. I can't think of a more perfect person to keynote our theme/content this year which is focused on helping start-ups scale in a complex regulatory environment. It would be an honor if you are available and willing.

You are of course welcome to stay for all of the events which include plenary sessions (Len Schlesinger will be with us this year!), pitch contest, and early morning trail runs around the mountain at Point Lookout.

Details are below. Please let me know.

- **Event:** 7th Annual MDP Conference
- **Dates:** Tuesday, September 12th to Thursday, September 14th
- **Location:** Point Lookout Resort in Northport, Maine
- **Accommodations:** food and lodging provided
- **Attendees:** 100+ leading health IT startup CEOs, investors, industry executives and Athena health's senior leadership team
- **Purpose:** drive collaboration amongst leading health IT startup CEOs, investors, providers, and Athena health executives to push the boundaries of healthcare and make it work the way it should
- **Keynote activities:** keynote speech and panel participation during the morning and early afternoon of Wednesday, September 13th

Topic: Constituent hospital is being sanctioned for a self-reported improper CLIA referral. It appears that the sanctions issued do not follow the available discretionary alternatives per the TEST Act from the 112th Congress. Instead, these fines and sanctions appear to be overly punitive and draconian.

Topic: Constituent hospital is being sanctioned for a self-reported improper CLIA referral. It appears that the sanctions issued do not follow the available discretionary alternatives per the TEST Act from the 112th Congress. Instead, these fines and sanctions appear to be overly punitive and draconian.

Event Name: 2016 NSDUH Results Briefing

Location: HHS

Time: Any time before Aug 18th, but preferably between Aug 9th and Aug 15th

Topic: The purpose of this briefing is to provide the Secretary with a brief overview of the findings of the 2016 National Survey on Drug Use and Health (NSDUH), which is conducted by the Substance Abuse and Mental Health Services Administration (SAMHSA).

Reason: The NSDUH is the most comprehensive survey of substance use, substance use disorders, mental health, and the receipt of treatment services for these disorders in the United States. It is an annual, nationally representative, self-reported survey of approximately 67,500 people aged 12 years or older in the 50 states and the District of Columbia. The initial release of selected 2016 NSDUH results will occur as part of the September 7, 2017 press conference at the National Press Club, kicking off the 28th Annual Observance of National Recovery Month. NSDUH results are released annually as part of the observance of National Recovery Month.

This report focuses on the 2016 results and where possible, provides trends in substance use, substance use disorders, and mental health from 2002 to 2016. Of specific interest to the Secretary are 2016 NSDUH findings on opioid misuse, heroin use, and opioid use disorder. The 2016 NSDUH also includes information on serious mental illness.

TEP's Role: The briefing is to inform the Secretary about the 2016 NSDUH findings and gather any input or questions he might have regarding the data and trends.

Lead: Kana Enomoto

+ Wilker, Smith and Kristina

Just talked to Nats. Secretary needs to be at Lot A off Potomac at 4:45. Katie Suntum will meet him and escort him to field for interview with MASN. We just talked to MASN and they will ask him whatever questions we give them.

Chris and Wilker: you will need to be at Lot A off Potomac at 4:45 as well so you can get escorted down to field.

Kristina: we will send you questions for briefing book

After the interview the secretary will have time practice on the mound and watch batting practice.

Pre game begins at 6:30.

Event Name: Internal Briefing on ASPE's analysis *The Fiscal Costs of the U.S. Refugee Admissions Program at the Federal, State, and Local Levels, 2005-2014* for Department of State Report to the President

Date: 8/30

Location: Humphrey Building, Room 610-F

Time: 45 minutes to 1 hour

Reason:

The Department of State is required by the Section 4(b) of a March 6, 2017 Presidential Memorandum to, in consultation with the Department of Health and Human Services and others, submit to the President a report detailing the estimated long-term costs of the United States Refugee Admissions Program at the Federal, State, and local levels, along with recommendations about how to curtail those costs. This is due September 1, 2017. ASPE agreed to produce an analysis of the cost of refugees in the United States for the Department of State, given that HHS serves refugees through programs in the Office of Refugee Resettlement and ASPE's data and analytic capacity make it uniquely situated to conduct this work.

Secretary's Role:

We request the Secretary's approval to submit ASPE's analysis to the Department of State so that they may include it in their required report to the President.

Briefing Participants:

Secretary Price

John R. Graham, Acting Assistant Secretary for Planning and Evaluation

Brenda Destro, Deputy Assistant Secretary for Human Services Policy

Steven Wagner, Acting Assistant Secretary for the Administration for Children and Families

Scott Lloyd, Director, Office of Refugee Resettlement

Pedro Moreno, Office of Refugee Resettlement

Jen Moughalian, Acting Assistant Secretary for Financial Resources

Nina Schaefer

Press, Press Contact:

N/A; this is an internal briefing

Briefing Materials:

Briefing materials will be sent to Kristina the business day ahead of the meeting. The draft report is currently in Departmental clearance

Notes:

The President issued a memorandum on March 6, 2017, requiring the Department of State, together with the Office of Management and Budget (OMB), HHS, and the Department of Homeland Security (DHS), to produce a report within 180 days on the costs of the United States Refugee Admissions Program, as well as recommendations for curtailing those costs. The language in the memorandum states:

(b) To further ensure transparency for the American people regarding the efficiency and effectiveness of our immigration programs in serving the national interest, the Secretary of State, in consultation with the Secretary of Health and Human Services, the Secretary of Homeland Security, and the Director of the Office of Management and Budget, shall, within 180 days of the date of this memorandum, submit to me a report detailing the estimated long-term costs of the United States Refugee Admissions Program at the Federal, State, and local levels, along with recommendations about how to curtail those costs.

The Department of State's Bureau of Population, Refugees and Migration is coordinating the report. ASPE agreed to produce the cost analysis.

Event Name: Internal Briefing on the HHS Strategic Plan FY 2018 – 2022 Draft Strategic Plan

Date: August 30 or 31, 2017

Location: Humphrey Building, Room 610-F

Time: 3:45p

Reason:

HHS is required by the Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010, and OMB Circular A-11 to produce a quadrennial strategic plan. A draft of HHS Strategic Plan, FY 2018 - 2022 is due to OMB on September 11, 2017, .

Secretary's Role:

ASPE is responsible for coordinating the development of the HHS Strategic Plan. ASPE will review the draft of the HHS Strategic Plan FY 2018 – 2022 with the Secretary and request that he provide comments or approve the document. We can answer questions about the requirement to develop the HHS Strategic Plan, and how HHS approaches this task.

Briefing Participants:

Secretary Price, Lance Leggitt, Kris Skrzycki, Paula Stannard, Nina Schaefer, Keagan Lenihan, Mary-Sumpter Lapinski, John Brooks, Maggie Wynne, Ann Agnew, John R. Graham, Laina Bush, Sarah Potter, Jen Moughalian, Wilma Robinson, Sam Shipley, Amanda Street

Lead:

John R. Graham, Acting Assistant Secretary for Planning and Evaluation

POC:

Sam Shipley, samuel.shipley@hhs.gov; (b)(6)

Press, Press Contact:

N/A; this is an internal briefing

Briefing Materials:

Briefing materials will be sent August 28. The draft of the HHS Strategic Plan FY 2018 – 2022, including draft strategies, will be submitted to OMB in document format.

Notes:

The Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010 (GPRMA), OMB Circular A-11 and OMB Memorandum M-17-22 define the process, structure, and timeline for developing Strategic Plans.

- **Time Frame.** Strategic Plans align with presidential terms of office, must be published one year following the beginning of the term, and must cover a four-year period.
- **Plan Coordination.** ASPE is responsible for coordinating the development of the HHS Strategic Plan; ASPE works closely with ASFR and has assembled an interagency workgroup of OpDiv and StaffDiv liaisons to develop the Strategic Plan.
- **Public and Congressional Consultation.** Federal departments are required to consult with the public and the Congress on the development of their Strategic Plan. ASPE works closely with IEA and ASPA on general public consultation efforts; ASPE collaborates with individual OpDivs and StaffDivs on engaging their specific stakeholders. ASPE works closely with ASL on consultation with the Congress. Consultation for the HHS Strategic Plan is planned for the fall, following the September submission to OMB.
- **Annual Assessment.** GPRMA and OMB Circular A-11 direct the Department to assess progress on the Strategic Plan annually through a process called Strategic Reviews. Performance goals in the Strategic Plan are tracked and reported annually.
- **How The Plan Is Used.** The Strategic Plan is an anchor document; the Plan's goals and objectives are used to frame other required documents, such as the Agency Reform Plan (Reimagine HHS), Annual Performance Plan and Report, budget justifications, Summary of Performance and Financial Information, Agency Financial Report, and employee performance plans.

OMB has established the following deadlines related to the preparation of Strategic Plans.

- June 30, 2017: Draft Strategic Goals and Objectives.
- September 11, 2017: Initial Draft of Strategic Plan, including .
- December 22, 2017: Full Draft of Strategic Plan, with all elements required by GPRMA and OMB Circular A-11.
- February 2018: Final Strategic Plan posted on HHS.gov.

Draft Agenda:

Event Name: Internal Briefing on the HHS Strategic Plan FY 2018 – 2022 Draft Strategic Plan

Date: August 30 or 31, 2017

Location: Humphrey Building, Room 610-F

Time: TBD

Reason:

HHS is required by the Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010, and OMB Circular A-11 to produce a quadrennial strategic plan. A draft of HHS Strategic Plan, FY 2018 - 2022 is due to OMB on September 11, 2017, .

Secretary's Role:

ASPE is responsible for coordinating the development of the HHS Strategic Plan. ASPE will review the draft of the HHS Strategic Plan FY 2018 – 2022 with the Secretary and request that he provide comments or approve the document. We can answer questions about the requirement to develop the HHS Strategic Plan, and how HHS approaches this task.

Briefing Participants:

Secretary Price, Lance Leggitt, Kris Skrzycki, Paula Stannard, Nina Schaefer, Keagan Lenihan, Mary-Sumpter Lapinski, John Brooks, Maggie Wynne, Ann Agnew, John R. Graham, Laina Bush, Sarah Potter, Jen Moughalian, Wilma Robinson, Sam Shipley, Amanda Street

N/A; this is an internal briefing

Briefing Materials:

Briefing materials will be sent August 28. The draft of the HHS Strategic Plan FY 2018 – 2022, including draft strategies, will be submitted to OMB in document format.

Notes:

The Government Performance and Results Act of 1993, the Government Performance and Results Modernization Act of 2010 (GPRMA), OMB Circular A-11 and OMB Memorandum M-17-22 define the process, structure, and timeline for developing Strategic Plans.

- **Time Frame.** Strategic Plans align with presidential terms of office, must be published one year following the beginning of the term, and must cover a four-year period.
- **Plan Coordination.** ASPE is responsible for coordinating the development of the HHS Strategic Plan; ASPE works closely with ASFR and has assembled an interagency workgroup of OpDiv and StaffDiv liaisons to develop the Strategic Plan.
- **Public and Congressional Consultation.** Federal departments are required to consult with the public and the Congress on the development of their Strategic Plan. ASPE works closely with IEA and ASPA on general public consultation efforts; ASPE collaborates with individual OpDivs and StaffDivs on engaging their specific stakeholders. ASPE works closely with ASL on consultation with the Congress. Consultation for the HHS Strategic Plan is planned for the fall, following the September submission to OMB.
- **Annual Assessment.** GPRMA and OMB Circular A-11 direct the Department to assess progress on the Strategic Plan annually through a process called Strategic Reviews. Performance goals in the Strategic Plan are tracked and reported annually.
- **How The Plan Is Used.** The Strategic Plan is an anchor document; the Plan's goals and objectives are used to frame other required documents, such as the Agency Reform Plan (Reimagine HHS), Annual Performance Plan and Report, budget justifications, Summary of Performance and Financial Information, Agency Financial Report, and employee performance plans.

The Ambassador of Italy to the United States Armando Varricchio has the pleasure of inviting Secretary Price to lunch on Tuesday, September 12, 2017 at 12:30 pm at Villa Firenze (2800 Albemarle Street, NW - Washington, DC 20008) on the occasion of the announcement of the winner of the Urbino Press Award 2017.

The "Urbino Press Award" is a recognition of excellence in journalism awarded to American reporters who, through their commitment and daily work, conscientiously inform millions of people.

As I mentioned to you, the winner (whose name hasn't yet been publicly announced) is also a physician.

(OS/IOS); Wolfe, Mitchell (HHS/OS/OGA); Schmeissner, Peter (HHS/OGA); Zebley, Kyle (HHS/IOS); Grigsby, Garrett (HHS/OS/OGA)

Background: (b)(5)

(b)(5)

Event Name: Bilateral Meeting with Professor Klaus Schwab, Executive Director, World Economic Forum
Location: Humphrey Building, Room TBD

Time: Anytime September 25 or 26; however, the morning of Sept. 26 has been suggested by WEF staff

Topic: Cooperation between the public and private sectors on global health issues

TEP's Role: Participate in a bilateral conversation with Prof. Schwab

Reason: Prof. Schwab has requested to meet with you while he is in Washington D.C. on September 25 and 26. With the increasing awareness of the intersection of economic and global health issues, the World Economic Forum recently has taken a great interest in health issues, including global health security, health systems strengthening, and innovation in health care. Similar to Secretary Price, Prof. Schwab sees great opportunity in closer cooperation between the public and private sectors on health issues. To this end, Prof. Schwab will be describing some of WEF's latest work in health and encouraging Secretary Price to participate in upcoming meetings of the WEF.

Lead: Mitch Wolfe, Deputy Director for Global Affairs

Event POC: Hannah Burris, Hannah.burris@hhs.gov; (b)(6)

WEF Attendees: Klaus Schwab, Executive Director; Paul Smyke, Head of North America; Arnaud Bernaert, Head of Global Health and Healthcare; Elizabeth Caputo, Regional and Government Engagement with the U.S.

HHS Staff Attendees: Mitch Wolfe, Deputy Director for Global Affairs; Kamran Daravi, Advisor for Global Affairs; Peter Schmeissner, OGA Director for Europe/Eurasia

Remarks: Yes. OGA will provide briefing materials with talking points.

Press: Closed.
